## Ties are broken by the following in Pool Play

1. If two teams tie, then who won head to head is declared the higher seed.
2. 3 teams tie-if one team is 2-0 against the other two, they get the higher seed, the other are head to head
3. 3 teams tie and no head winner, then victory margin in games played against each other only is used to decide the seeding.
  - a. 20pt maximum per victory (to avoid running up scores). Example, win by 45, you only get 20 pts.
  - b. If this does not decide it, then victory margin in all pool games will be used.
  - c. If this does not decide it, then fewest points allowed against each other will decide it.
  - d. If this does not decide it, then few points allowed in all pool games will decide it.
  - e. If this does not decide it, a coin flip will be used.
