"Home of the Wildcats"

Physical Packet

The information in this packet, including the completed medical evaluation form, **MUST** have a **post April 1, 2016 date** for this to be valid for the entire 2016-2017 school year.

Important Information

1. A nurse practitioner may perform the physical, but only a MD or DO can sign the physical.
2. **Both** parents must sign the physical (IHSAA-page 4).
 - A. Parents who are legally separated must sign the physical.
 - B. If parents are divorced and have joint custody, **both parents must sign** the physical.
3. Do not leave any question unanswered.
4. Please be sure to include an email address on the "Emergency Medical Treatment Waiver" form.
5. When all forms are completed and returned to the athletic office, the student-athlete will receive a **WHITE CARD**. This WHITE CARD indicates that the student-athlete is cleared to play and will serve as a receipt that the completed physical packet has been turned in. A copy of the student-athlete's WHITE CARD will be on file in the athletic office for the entire school year.
6. Please read and complete all portions of the checklist below and turn the completed packet in to the athletic office before participation in your desired sport or activity.

Checklist

___ *Complete the IHSAA Physical (4 pages) with all pertinent signatures*

___ *Read and sign IHSAA Concussion/SCA Information and Acknowledgement (IC 20-34-7)*

___ *Insurance Acknowledgement and Information Form*

___ *Complete the Athletic Information and Emergency Medical Treatment Waiver*

___ *Read and sign the ImPACT Testing Consent Form*

___ *Read and sign the Athletic Code of Conduct*

I have examined the above-named student and completed the preparticipation physical evaluation. The athlete does not present apparent clinical contraindications to practice and participate in the sport(s) as outlined above. A copy of the physical exam is on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the clearance until the problem is resolved and the potential consequences are completely explained to the athlete (and parents/guardians). ■ PREPARTICIPATION PHYSICAL EVALUATION IHSAA ELIGIBILITY RULES

INDIVIDUAL ELIGIBILITY RULES (Grades 9 through 12)

ATTENTION ATHLETE: Your school is a member of the IHSAA and follows established rules. To be eligible to represent your school in interschool athletics, you:

1. must be a regular bona fide student in good standing in the school you represent; must have enrolled not later than the fifteenth day of the current semester.
2. must have completed 10 separate days of organized practice in said sport under the direct supervision of the high school coaching staff preceding date of participation in interschool contests. (Excluding Girls Golf – See Rule 101)
3. must have received passing grades at the end of their last grading period in school in at least seventy percent (70%) of the maximum number of full credit subjects (or the equivalent) that a student can take and must be currently enrolled in at least seventy percent (70%) of the maximum number of full credit subjects (or the equivalent) that a student can take. Semester grades take precedence.
4. must not have reached your twentieth birthday prior to or on the scheduled date of the IHSAA State Finals in a sport.
5. must have been enrolled in your present high school last semester or at a junior high school from which your high school receives its students . . .
 - . . . unless you are entering the ninth grade for the first time.
 - . . . unless you are transferring from a school district or territory with a corresponding bona fide move on the part of your parents.
 - . . . unless you are a ward of a court; you are an orphan, you reside with a parent, your former school closed, your former school is not accredited by the state accrediting agency in the state where the school is located, your transfer was pursuant to school board mandate, you attended in error a wrong school, you transferred from a correctional school, you are emancipated, you are a foreign exchange student under an approved CSIET program. You must have been eligible from the school from which you transferred.
6. must not have been enrolled in more than eight consecutive semesters beginning with grade 9.
7. must be an amateur (have not participated under an assumed name, have not accepted money or merchandise directly or indirectly for athletic participation, have not accepted awards, gifts, or honors from colleges or their alumni, have not signed a professional contract).
8. must have had a physical examination between April 1 and your first practice and filed with your principal your completed Consent and Release Certificate.
9. must not have transferred from one school to another for athletic reasons as a result of undue influence or persuasion by any person or group.
10. must not have received in recognition of your athletic ability, any award not approved by your principal or the IHSAA.
11. must not accept awards in the form of merchandise, meals, cash, etc.
12. must not participate in an athletic contest during the IHSAA authorized contest season for that sport as an individual or on any team other than your school team. (See Rule 15-1a) (Exception for outstanding student-athlete – See Rule 15-1b)
13. must not reflect discredit upon your school nor create a disruptive influence on the discipline, good order, moral or educational environment in your school.
14. students with remaining eligibility must not participate in tryouts or demonstrations of athletic ability in that sport as a prospective post-secondary school student-athlete. Graduates should refer to college rules and regulations before participating.
15. must not participate with a student enrolled below grade 9.
16. must not, while on a grade 9 junior high team, participate with or against a student enrolled in grade 11 or 12.
17. must, if absent five or more days due to illness or injury, present to your principal a written verification from a physician licensed to practice medicine, stating you may participate again. (See Rule 3-11 and 9-14.)
18. must not participate in camps, clinics or schools during the IHSAA authorized contest season. Consult your high school principal for regulations regarding out-of-season and summer.
19. girls shall not be permitted to participate in an IHSAA tournament program for boys where there is an IHSAA tournament program for girls in that sport in which they can qualify as a girls tournament entrant.

This is only a brief summary of the eligibility rules.

You may access the IHSAA Eligibility Rules (By-Laws) at www.ih saa.org

Please contact your school officials for further information and before participating outside your school.

CONCUSSION IN HIGH SCHOOL SPORTS

A FACT SHEET FOR **ATHLETES**

Concussion facts:

- A concussion is a brain injury that affects how your brain works.
- A concussion is caused by a bump, blow, or jolt to the head or body.
- A concussion can happen even if you haven't been knocked out.
- If you think you have a concussion, you should not return to play on the day of the injury and not until a health care professional says you are OK to return to play.

What are the symptoms of a concussion?

Concussion symptoms differ with each person and with each injury, and they may not be noticeable for hours or days. Common symptoms include:

- Headache
- Confusion
- Difficulty remembering or paying attention
- Balance problems or dizziness
- Feeling sluggish, hazy, foggy, or groggy
- Feeling irritable, more emotional, or "down"
- Nausea or vomiting
- Bothered by light or noise
- Double or blurry vision
- Slowed reaction time
- Sleep problems
- Loss of consciousness

During recovery, exercising or activities that involve a lot of concentration (such as studying, working on the computer, or playing video games) may cause concussion symptoms to reappear or get worse.

What should I do if I think I have a concussion?

DON'T HIDE IT. REPORT IT. Ignoring your symptoms and trying to "tough it out" often makes symptoms worse. Tell your coach, parent, and athletic trainer if you think you or one of your teammates may have a concussion. Don't let anyone pressure you into continuing to practice or play with a concussion.

GET CHECKED OUT. Only a health care professional can tell if you have a concussion and when it's OK to return to play. Sports have injury timeouts and player substitutions so that you can get checked out and the team can perform at its best. The sooner you get checked out, the sooner you may be able to safely return to play.

TAKE CARE OF YOUR BRAIN. A concussion can affect your ability to do schoolwork and other activities. Most athletes with a concussion get better and return to sports, but it is important to rest and give your brain time to heal. A repeat concussion that occurs while your brain is still healing can cause long-term problems that may change your life forever.

How can I help prevent a concussion?

Every sport is different, but there are steps you can take to protect yourself.

- Follow your coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.

If you think you have a concussion:

Don't hide it. Report it. Take time to recover.

It's better to miss one game than the whole season.

CONCUSSION IN HIGH SCHOOL SPORTS

A FACT SHEET FOR PARENTS

What is a concussion?

A concussion is a type of traumatic brain injury. Concussions are caused by a bump or blow to the head. Even a “ding,” “getting your bell rung,” or what seems to be a mild bump or blow to the head can be serious.

You can’t see a concussion. Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If your child reports any symptoms of concussion, or if you notice the symptoms yourself, seek medical attention right away.

What are the signs and symptoms of a concussion?

If your child has experienced a bump or blow to the head during a game or practice, look for any of the following signs of a concussion:

SYMPTOMS REPORTED BY ATHLETE	SIGNS OBSERVED BY PARENTS/GUARDIANS
<ul style="list-style-type: none"> • Headache or “pressure” in head • Nausea or vomiting • Balance problems or dizziness • Double or blurry vision • Sensitivity to light • Sensitivity to noise • Feeling sluggish, hazy, foggy, or groggy • Concentration or memory problems • Confusion • Just “not feeling right” or “feeling down” 	<ul style="list-style-type: none"> • Appears dazed or stunned • Is confused about assignment or position • Forgets an instruction • Is unsure of game, score, or opponent • Moves clumsily • Answers questions slowly • Loses consciousness (even briefly) • Shows mood, behavior, or personality changes

How can you help your child prevent a concussion or other serious brain injury?

- Ensure that they follow their coach’s rules for safety and the rules of the sport.
- Encourage them to practice good sportsmanship at all times.
- Make sure they wear the right protective equipment for their activity. Protective equipment should fit properly and be well maintained.
- Wearing a helmet is a must to reduce the risk of a serious brain injury or skull fracture.
 - However, helmets are not designed to prevent concussions. There is no “concussion-proof” helmet. So, even with a helmet, it is important for kids and teens to avoid hits to the head.

What should you do if you think your child has a concussion?

SEEK MEDICAL ATTENTION RIGHT AWAY. A health care professional will be able to decide how serious the concussion is and when it is safe for your child to return to regular activities, including sports.

KEEP YOUR CHILD OUT OF PLAY. Concussions take time to heal. Don’t let your child return to play the day of the injury and until a health care professional says it’s OK. Children who return to play too soon—while the brain is still healing—risk a greater chance of having a repeat concussion. Repeat or later concussions can be very serious. They can cause permanent brain damage, affecting your child for a lifetime.

TELL YOUR CHILD’S COACH ABOUT ANY PREVIOUS CONCUSSION. Coaches should know if your child had a previous concussion. Your child’s coach may not know about a concussion your child received in another sport or activity unless you tell the coach.

If you think your teen has a concussion:

Don’t assess it yourself. Take him/her out of play. Seek the advice of a health care professional.

It’s better to miss one game than the whole season.

SUDDEN CARDIAC ARREST

A Fact Sheet for Student Athletes

FACTS

Sudden cardiac arrest can occur even in athletes who are in peak shape. Approximately 500 deaths are attributed to sudden cardiac arrest in athletes each year in the United States. Sudden cardiac arrest can affect all levels of athletes, in all sports, and in all age levels. The majority of cardiac arrests are due to congenital (inherited) heart defects. However, sudden cardiac arrest can also occur after a person experiences an illness which has caused an inflammation to the heart or after a direct blow to the chest. Once a cardiac arrest occurs, there is very little time to save the athlete, so identifying those at risk before the arrest occurs is a key factor in prevention.

WARNING SIGNS

There may not be any noticeable symptoms before a person experiences loss of consciousness and a full cardiac arrest (no pulse and no breathing).

Warning signs can include a complaint of:

- Chest Discomfort
- Unusual Shortness of Breath
- Racing or Irregular Heartbeat
- Fainting or Passing Out

EMERGENCY SIGNS – Call EMS (911)

If a person experiences any of the following signs, call EMS (911) immediately:

- *If an athlete collapses suddenly during competition*
- *If a blow to the chest from a ball, puck or another player precedes an athlete's complaints of any of the warning signs of sudden cardiac arrest*
- *If an athlete does not look or feel right and you are just not sure*

How can I help prevent a sudden cardiac arrest?

Daily physical activity, proper nutrition, and adequate sleep are all important aspects of life-long health. Additionally, you can assist by:

- Knowing if you have a family history of sudden cardiac arrest (onset of heart disease in a family member before the age of 50 or a sudden, unexplained death at an early age)
- Telling your health care provider during your pre-season physical about any unusual symptoms of chest discomfort, shortness of breath, racing or irregular heartbeat, or feeling faint, especially if you feel these symptoms with physical activity
- Taking only prescription drugs that are prescribed to you by your health care provider
- Being aware that the inappropriate use of prescription medications or energy drinks can increase your risk
- Being honest and reporting symptoms of chest discomfort, unusual shortness of breath, racing or irregular heartbeat, or feeling faint

What should I do if I think I am developing warning signs that may lead to sudden cardiac arrest?

1. *Tell an adult – your parent or guardian, your coach, your athletic trainer or your school nurse*
2. *Get checked out by your health care provider*
3. *Take care of your heart*
4. *Remember that the most dangerous thing you can do is to do nothing*

SUDDEN CARDIAC ARREST

A Fact Sheet for Parents

FACTS

Sudden cardiac arrest is a rare, but tragic event that claims the lives of approximately 500 athletes each year in the United States. Sudden cardiac arrest can affect all levels of athletes, in all sports, and in all age levels. The majority of cardiac arrests are due to congenital (inherited) heart defects. However, sudden cardiac arrest can also occur after a person experiences an illness which has caused an inflammation to the heart or after a direct blow to the chest.

How can I help my child prevent a sudden cardiac arrest?

Daily physical activity, proper nutrition, and adequate sleep are all important aspects of life-long health. Additionally, parents can assist student athletes prevent a sudden cardiac arrest by:

- Ensuring your child knows about any family history of sudden cardiac arrest (onset of heart disease in a family member before the age of 50 or a sudden, unexplained death at an early age)
- Ensuring your child has a thorough pre-season screening exam prior to participation in an organized athletic activity
- Asking if your school and the site of competition has an automatic defibrillator (AED) that is close by and properly maintained
- Learning CPR yourself
- Ensuring your child is not using any non-prescribed stimulants or performance enhancing drugs
- Being aware that the inappropriate use of prescription medications or energy drinks can increase risk
- Encouraging your child to be honest and report symptoms of chest discomfort, unusual shortness of breath, racing or irregular heartbeat, or feeling faint

What should I do if I think my child has warning signs that may lead to sudden cardiac arrest?

1. *Tell your child's coach about any previous events or family history*
2. *Keep your child out of play*
3. *Seek medical attention right away*

IC 20-34-7 and IC 20-34-8 require schools to distribute information sheets to inform and educate student athletes and their parents on the nature and risk of concussion, head injury and sudden cardiac arrest to student athletes, including the risks of continuing to play after concussion or head injury. These laws require that each year, before beginning practice for an interscholastic or intramural sport, a student athlete and the student athlete's parents must be given an information sheet, and both must sign and return a form acknowledging receipt of the information to the student athlete's coach.

IC 20-34-7 states that a high school athlete who is suspected of sustaining a concussion or head injury in a practice or game, shall be removed from play at the time of injury and may not return to play until the student athlete has received a written clearance from a licensed health care provider trained in the evaluation and management of concussions and head injuries.

IC 20-34-8 states that a student athlete who is suspected of experiencing symptoms of sudden cardiac arrest shall be removed from play and may not return to play until the coach has received verbal permission from a parent or legal guardian of the student athlete to return to play. Within twenty-four hours, this verbal permission must be replaced by a written statement from the parent or guardian.

Parent/Guardian - please read the attached fact sheets regarding concussion and sudden cardiac arrest and ensure that your student athlete has also received and read these fact sheets. After reading these fact sheets, please ensure that you and your student athlete sign this form, and have your student athlete return this form to his/her coach.

As a student athlete, I have received and read both of the fact sheets regarding concussion and sudden cardiac arrest. I understand the nature and risk of concussion and head injury to student athletes, including the risks of continuing to play after concussion or head injury, and the symptoms of sudden cardiac arrest.

I, as the parent or legal guardian of the above named student, have received and read both of the fact sheets regarding concussion and sudden cardiac arrest. I understand the nature and risk of concussion and head injury to student athletes, including the risks of continuing to play after concussion or head injury, and the symptoms of sudden cardiac arrest.

Insurance Acknowledgement and Information Form

The Hanover Central Athletic Department is concerned about student welfare. During the course of participation in an athletic practice or contest it is possible to become injured. Therefore we highly recommend that each individual who will be participating on a sports team be covered with some type of insurance.

Hanover Central feels that it is vitally important that each student and parent/guardian knows of the risks involved in athletic participation, understand that serious injury is possible in such participation and chooses to accept any and all responsibility for the student's safety and welfare while participating in athletics.

I have read the information on insurance and understand the concerns of participating in athletics. I will not hold the Hanover Community School Corporation liable for injuries which may occur during practice and game situations that are conducted in a prudent manner.

CONSENT FOR COGNITIVE TESTING and RELEASE OF INFORMATION

I give my permission for (name of child) _____

(child's date of birth) _____

to have a post-concussion ImPACT (Immediate Post-concussion Assessment and Cognitive Testing) administered at Hanover Central High School. I understand that my child may need to be tested more than once, depending upon the results of the test, as compared to my child's baseline test, which is on file at HCHS. I understand there is no charge for the testing.

Hanover Central High School may release the ImPACT (Immediate Post-concussion Assessment and Cognitive Testing) results to my child's primary care physician, neurologist, or other treating physician, as indicated below.

I understand that general information about the test data may be provided to my child's guidance counselor and teachers, for the purposes of providing temporary academic modifications, if necessary.

Wildcat Athletic Code of Conduct

Student conduct during the regular school day, during school related activities, and at other times is subject to the provisions of the Hanover Central High School and Hanover Central Middle School "Student Code of Conduct". In addition, the conduct of students who wish to participate in school sponsored athletic programs are subject to this Athletic Code of Conduct. Because participation in such activities is a privilege, the Athletic Code addresses conduct beyond that applicable to students in general, to further the expectations, purpose, and integrity of athletic activities.

The Athletic Code is a document that is part of the Hanover Central Athletic Physical Packet and is signed by the student and parent each year prior to being allowed to try-out or to participate on an athletic team. Once signed, the Athletic Code applies to the student's entire athletic career at Hanover Central on a 24/7/365 basis to conduct both at school and off school grounds. Applicable penalties will be applied whenever the conduct is discovered. That is, the Hanover Central administration reserves the right to fully investigate conduct which potentially violates the Athletic Code whenever evidence is provided, even if the conduct occurred during prior seasons or school year (e.g., conduct occurring during a student's freshman year may result in a penalty during the student's senior year if not discovered/reported until that time).

IT IS EXPECTED that the individual rights of all must be respected and all teammates and participants treated equally. Hazing, harassment, including but not limited to verbal, physical, or sexual harassment, intimidation or initiation of student-athletes will not be tolerated.

IT IS EXPECTED that student-athletes will not possess, use, consume, or be under the influence of tobacco products, alcohol, controlled substances nor shall they possess related paraphernalia.

IT IS EXPECTED that student-athletes will adhere to standards of decorum and behavior at the highest level as representatives of Hanover Central. Theft, acts of violence, fighting, poor classroom behavior, and unlawful conduct will not be tolerated.

IT IS EXPECTED that student-athletes will follow rules established for that sport/activity, including but not limited to those regarding tardiness to team or activity meetings, absences from practice, events, or meetings, disrespect to coach or activity sponsor, acts of unsportsmanlike conduct, and verbal abuse of others involved in the activity.

IT IS EXPECTED that during any athletic season, a student-athlete will only participate on one team (unless mutually agreed upon by the two head coaches involved). If an athlete quits a sport once games have started, that athlete will not be allowed to participate (either at practice or in competition) for any other team during that season. This rule can be waived at the coach's discretion. An athlete must finish the season in good standing in order to letter, attend banquets, and receive athletic awards. Uniforms, equipment, fees, and other obligations must be met or turned in before moving to the next sport.

IT IS EXPECTED that all student-athletes use transportation provided by the school corporation. Traveling with the team/group is part of the athlete's obligation to his/her teammates and coach. Not riding with the team/group should only be done in a family emergency or a situation where undue hardship is caused by traveling with the team/group. In order for an athlete to travel to or from an event by means other than the school transportation, he/she must bring a Travel Release Form signed by a parent/guardian. The athlete will only be released to his/her parent/guardian. Friends, relatives or other students are not acceptable as travel alternatives. This form must be in the athletic office and with the coach, as applicable no less than 24 hours prior to the trip.

Violations of the Athletic Code can result in some of the following consequences: assigned disciplinary consequences at the team level, probation, and suspension from practices and/or games, career expulsion from athletics and other extracurricular events.

Type 1 violation	Occurrence	Penalty
Being arrested for or possessing, using, consuming, or being under the influence of a controlled substance or possession of paraphernalia	1 st	Expulsion from athletics/extracurricular activities for the 365 days and probation for the remainder of career. By self-reporting and completion of an evaluation program, a student may practice but not compete in contests.
****	2 nd	Permanent expulsion from athletics and extracurricular activity participation.
Type 2 violation	Occurrence	Penalty
Possessing, using, consuming, or being under the influence of alcohol	1 st	33% of current, next, or combined seasons or extracurricular term. Example: If 20% of a season remains when violation occurs, 13% of the next season ineligible.
****	2 nd	Expulsion from athletic/extracurricular activities for 365 days.
****	3 rd	Permanent expulsion from athletic/extracurricular activity participation.
Type 3 Violation	Occurrence	Penalty
Possession and/or use of tobacco	1 st	33% of current, next, or combined seasons or extracurricular term. Example: If 20% of a season remains when violation occurs, 13% of the next season ineligible.
****	2 nd	Expulsion from athletic/extracurricular activities for 365 days.

****	3 rd	Permanent expulsion from athletic/extracurricular participation.
Type 4 Violation	Occurrence	Penalty
Unlawful conduct, disruptive conduct, hazing, harassment, non-traffic misdemeanor and/or bringing dishonor to the school, the athletic department, or the community	All	Determined by the Principal, Athletic Director, and head coach.

*All Athletic Code of Conduct violations are accumulative over the entire span of a student-athlete's athletic career at Hanover Central.

Social Media Policy and Guidelines

Playing and competing for Hanover Central is a privilege, not a right. Student-athletes are held in high regard and are seen as role models in the community. As leaders we have the responsibility to portray our team, our school and ourselves in a positive manner at all times. Sometimes this means doing things that are of an inconvenience to us, but benefit the whole team.

In recent years, Facebook, MySpace, Twitter and other social networking sites have increased in popularity and are used by the majority of student-athletes at Hanover Central.

Student-athletes may not be aware that third parties including the media, faculty, future employers and IHSA officials can easily access their profiles and view all personal information. This includes all pictures, videos, comments and posters. Inappropriate material found by third parties affects the perception of the student, the athletic department and the school. This can be detrimental to a student-athletes future.

Examples of inappropriate and offensive behaviors concerning participation in online communities may include depictions or presentations of the following:

1. Posting photos, videos, comments or posters showing the personal use of alcohol, tobacco, ex., no holding cups, cans, shot glasses etc.
2. Posting photos, videos, and comments that are of a sexual nature. This includes links to websites of a pornographic nature and other inappropriate material.
3. Posting pictures, videos, comments or posters that condone drug related activity. This includes but is not limited to images that portray the personal use of marijuana, and drug paraphernalia.
4. Using inappropriate or offensive language in all comments, videos and other postings. This includes threats of violence and derogatory comments against race and/or gender.

5. Posting photos, videos, comments or posters that demean other Hanover Central students, athletes, teammates, coaches, or school personnel.
6. Posting photos, videos, comments or posters that are derogatory towards opposing schools or opposing student-athletes.

If a student-athlete's profile and its contents are found to be inappropriate in accordance with the above behaviors, he/she will be subject to an Athletic Code of Conduct violation and penalties as determined by the school administration, athletic department, and coaching staff.

For your own safety, please keep the following recommendations in mind as you participate in social networking websites:

- Set your security settings so that only your friends can view your profile.
- You should not post your email, home address, local address, telephone number(s), or other personal information as it could lead to unwanted attention, stalking, identity theft, etc.
- Be aware of who you add as a friend to your site – many people are looking to take advantage of student-athletes or to seek connection with student-athletes.
- Consider how the above behaviors can be reflected in all Facebook applications.

If you are ever in doubt of the appropriateness of your online public material, consider whether it upholds and positively reflects your own values and ethics as well as those of the athletic department and the school. Remember to always present a positive image and don't do anything to embarrass yourself, the team, your family or Hanover Central.

Penalty Assessment

The method used to determine the number of games for a suspension will be varsity total games allowed for a sport. Varsity scrimmages will be counted. The penalty will use scheduled games whether played or cancelled and any calculated suspension of .5 contests or more will be rounded up.

Combination of Offenses

Any combination of two of type 2, 3, and 4 violations will result in at least 50% loss of season/extra-curricular activity term; any combination of three of these violations will result in permanent expulsion from athletic/extra-curricular participation. The second or third offense can be from any category (type 1, 2, 3, or 4).

Carry Over Suspension/Penalty

A student-athlete must complete the entire season/activity period in which there is a penalty assessed in order to complete his or her suspension. Example: A fall athlete gets caught for drinking in January. The athlete decides to go out for a spring sport to serve the 33% penalty. After 5 contest the athlete quits the team. It would not count for completion of the penalty.

Terms of Suspension

- A student athlete who has been suspended from a team for any length of time is expected to continue his/her association with the team in terms of attending practice and following team rules. The student athlete will attend the contests but is not allowed to participate in the contest.
- A student athlete who has been excluded from participation for a full calendar year will not associate with that team or other Hanover Central athletic teams. This includes after school conditioning.
- A student athlete who transfers into Hanover Central High School while serving suspensions at his/her school will serve out the remainder of his/her penalty at Hanover Central. The previous school's penalty will be honored in full and will not be increased or decreased in length.
- Records of violations will be kept on file in the athletic director's office. Violations will be cumulative grades 9 through 12.

Summer Participation

Suspended students are allowed to participate in summer instruction. Students who have been excluded for one year or participation will not be allowed to participate in the summer instruction. Summer instruction is considered the same as practice for these purposes.

Parent/Student Notification

Parents will be notified in writing of each offense. Coaches shall have the right to impose further rules, as they deem proper for their activities.

Appeals

Participants may appeal suspensions. All appeals must be submitted in writing within five days after a penalty has been assessed. This request should be submitted to the Athletic Director or his/her Principal, as applicable. A committee consisting of at least the Athletic Director, one school administrator, and one varsity coach/sponsor, as applicable, will be formed to consider any unique circumstances and to review penalties when deemed appropriate.

Parent Assistance

Any parent seeking help or assistance involving his/her child's use of drugs, alcohol, or tobacco, prior to a report or investigation by the school or any involvement with law enforcement, should contact school administration. As a result, the athlete/participant will receive a lesser consequence than what is outlined above. This consequence may include athletic/participant suspension, drug counseling, and random drug testing. In the case of an athlete, the Athletic Director and Principal will determine the severity of the consequence.

Self-Reporting

Level 2 Violation – The penalty will be reduced by 25% of the current and/or next sport season if:

1. The student or the student's parents/guardians report the violation to the principal and/or athletic director, or coach prior to their independent confirmation of a violation.
2. The student submits to and receives a certificate of completion from a substance abuse program of assessment, counseling, screening and/or indicated therapy. The program must have been approved by the principal and may include a recommendation for parent/guardian participation. The cost of the program is the responsibility of the student and/or his/her parents.

Level 3 Violation – The penalty will be reduced by 25% of the current and/or next sport season if:

1. The student or the student's parents/guardians report the violation to the principal and/or athletic director, or coach prior to their independent confirmation of a violation.
2. The student submits to and receives a certificate of completion from a substance abuse program of assessment, counseling, screening and/or indicated therapy. The program must have been approved by the principal and may include a recommendation for parent/guardian participation. The cost of the program is the responsibility of the student and/or his/her parents.

Parent/Guardian Certification of Consent, Acknowledgement and Release

In accordance with the rules of the IHSAA and the Hanover Central Athletic Department I hereby give my consent of the above student to participate in all athletics at Hanover Central.

I understand that participation may necessitate an early dismissal from classes and I also understand that travel is necessary and accident causing injury is possible.

I consent to the disclosure, by my son's/daughter's school, to the IHSAA of all requested, detailed financial (athletic or otherwise), scholastic and attendance records of such school concerning my son/daughter.

I know of and acknowledge that my son/daughter knows of the risks involved in athletic participation, understands that serious injury, and even death, is possible in such participation, and chooses to accept any and all responsibility for his/her safety and welfare while participation in athletics. With full understanding of the risks involved, I release and hold harmless my school, the schools involved, and the IHSAA of any and all responsibility and liability for any injury or claim resulting from such athletic participation, and agree to take no legal action against the IHSAA or my school because of any accident or mishap involving the athletic participation of my son/daughter.

As a parent and/or guardian of the above student-athlete, I have read the Athletic Handbook, the Athletic Code of Conduct and discussed it with my son or daughter. I understand the Code and realize that it applies year round. I also realize that my son/daughter is subject to disciplinary measures should he/she violate the rules of the Athletic Code of Conduct or of the coaches.
