

Campolindo High School Athletic Boosters

2023-24 Funding Priority Guidelines

When making CAB funding decisions, the CAB Board will review funding priorities provided by Campo Admin (Athletic Director and Principal) - and make final decisions guided by the following:

- Prioritize initiatives that further the **CAB Mission**
 - Support the intent and spirit of **Title IX**
 - **Strive for equity** (by gender, small vs. large teams, emerging vs established teams - and across venues and sports)
 - Foster **leadership, sportsmanship, and a culture of healthy competition** in Campo athletes and coaches
- **Prioritize 'shared' initiatives** (initiatives which simultaneously benefit multiple teams/sports, eg weight room & LAX/Soccer Shed enhancements, live-stream)
- **Minimize individual team funding** - except under special circumstances:
 - The sport is an **emerging one** (eg, new Campo sport)
 - The sport is **under-represented** (eg, fewer funding options)
 - Growing the sport's participation or visibility is **a priority for the school**
 - The sport requires a **one-time** or **periodic major enhancements** that other funding sources (including the District) won't fully cover
 - To create greater levels of equity between boys and girls teams
- **Balance overall funding** among/between sports teams and venues
