FUND A NEED

Gym Renovation Phase III

Our goal is to raise funds for VIDEO scoreboards, which would allow Northgate to generate ongoing annual advertising revenue to support ALL sports programs. Your donation today will not only help to support our sports programs for the next couple of years, but for future years to come.

TIP JARS

Show your appreciation for tonight's student servers by giving them a generous tip! Tip cards are available on your table. To give a gratuity, write your bidder number and tip amount on the card. Then, place the card inside the jar. Your tip will be added to your event account and billed to your credit card.

Our goal is to have all tips shared equally by the teams that provided student volunteers. These funds will be aggregated, divided, and deposited directly into each team's account.

What is the Dessert Dash?

It's a FUN-raising activity to compete for the delicious desserts on display! Guests at each table will combine bids to claim one of the tempting treats. The higher the sum of the bids, the better the chance will be for the table to choose the best dessert.

How to Play

Each table has a Dessert Dash card. Pass the card around the table and have each guest write down a bid along with their bidder number. After all bids are entered, tally the numbers and write the total bid amount on the bottom of the card. At 7pm, the cards will be collected.

Pick one person (Tip: a speedy person wearing comfortable shoes) from your table to be the “dasher.” At 7:30, the emcee will announce the table with the highest bid. This first dasher will have 10 seconds to grab a dessert and bring it to the table. The emcee will continue to announce tables with the next highest bid in 10 second intervals until the final dessert is claimed.

Only the tables that were called to dash will be billed for the bid amounts that each bidder wrote on the card.

More Tips

Bid high for the best pick.

Strategize for the lower picks.

Dash fast.

HAVE FUN!
