Athletics Photography Policies

Photography Guidelines

- Game and tournament administrators and officials retain final determination of photographer placement at all events. Media outlets should consult these administrators and officials on photographer placement and flash photography restrictions at local venues. Officials and Administrators reserve the right to remove anyone if causing a disturbance.
- Pirate Stadium - Photographers may shoot from any point on the sidelines with the exception of the team boxes (25-yard line to 25-yard line). Photographers must remain 5 yards off the sideline in order to allow officials and players room to maneuver. If shooting from the End Zone, one must do so in a kneeling or seated position.
- Pirate Center - Photos may be shot from the ends of the court (if room is available). Photographers should be positioned off the playing court to allow both officials and players enough room to maneuver. Photographers may not impede the view of spectators and are not allowed to shoot from the stands.
