Heritage I

Anna Maria Lopez, CAA, St. Mary's Academy, James Joy, CAA, Phoenix HS, Salvador Muñoz, CAA, Corvallis HS

The launchpad course for the NIAAA Leadership Training curriculum serves as an overview of interscholastic athletic administration. This course introduces the philosophy of educational athletics, explores program culture and relationships, and focuses on the roles of the NIAAA, the NFHS, the state athletic/activity associations, and the state athletic administrator's associations. This course also previews the NIAAA Leadership Training and Certification Programs. Students will be challenged to think about their own professional learning journey while being exposed to the many resources supporting them along the way. This is a prerequisite for all levels of certification and includes study materials for the CAA exam. Required for: LTI instructors and all certifications.

LTC 510 Legal Issues IV (Social Media, Transgender Participation,

Landmark I

Event Management & Security, Pregnant & Parenting Athletes, Intellectual Property)

John Matsuo, CAA, Hillsboro HS, Daunte Gouge, CMAA, Centennial HS, Missy Smith, CMAA, OSAA, Kacey McNulty, CMAA, Redmond HS

This course provides in-depth coverage of the legal standards governing the authority of schools to sanction student-athletes and athletics personnel for misuse of electronic communications tools and inappropriate postings on social media. It also includes strategies for developing and implementing effective social media policies, along with extensive coverage of the legal mandates imposed by courts and legislatures related to event management and security, legal issues regarding the participation by transgender students in school sports programs, the rights of pregnant and parenting student-athletes that must be respected by interscholastic athletics programs, and the intellectual property issues related to schools sports nicknames, logos, and mascots. Required for CMAA Certification.

LTC 619 Enhancing Event Experiences Through Curb Appeal

Landmark II

Kris Welch, CMAA, OSAA, Josh Davis, CAA, Wilsonville HS, Derek Duman, CAA Riverdale HS

This course highlights areas which the athletic administrator should consider prior to hosting visiting schools, spectators, and participants for athletic events. The opinion of a school, the community, and the school's administration are often formed based on first impressions experienced when attending an athletic event. These impressions/experiences are built upon not only the visual appearance of the facility but the overall preparedness of the facility from entering the main gate, sitting in the stands, and leaving upon completion of the event. The course discusses the power of being prepared, and how communications can enhance the fans overall game experience. Strategies, methods, and illustrations will provide for maintaining structures through a comprehensive study of "best operational management practices" geared toward an enjoyable fan experience.
