

Conway Public Schools Athletics Participation Forms

Congratulations on your interest in Conway Public School Athletics! We look forward to your involvement.

Students are required to obtain a physical from a health care provider stating that they are physically fit for athletic participation. The student can use the district's physical form, documentation from a physician, or the AAA physical form. The district will arrange for physical examinations to our athletes entering 8th-12th grades or athletes may choose to have a physical from their own health care provider. All incoming 7th grade students must obtain a physical examination from their own health care provider.

All students interested in participating in athletics, per the Arkansas Activities Association guidelines, must complete the following forms prior to tryouts or participation:

[AAA Physical Form](#)

[Athletic Handbook Consent Form](#) (page 13)

[AAA Required Sports Medicine Fact Sheet](#)

All forms may be found at conwaywampuscats.com website under forms.
