

Conway Golf Philosophy

Conway Wampus Cat Golf wants to develop young men and women of great character to be leaders on and off the golf course. We want our student athletes to show success on the golf course, in the classroom, and in the community.

The golf season runs from early August through early October. Many of our players come into high school season off a strong junior golf schedule from the summer. Athletes are encouraged to compete at the local, state and national level to build their skills to compete at the highest level.

High School Golf consists of players in 9-12 grades on the varsity and junior varsity level of competition. Varsity golf travels with a team of five players in which all players participate with the highest score being thrown out in each competitive round. A golfer will receive a letter if they qualify and travel to a varsity tournament during the school year.
