

Philosophy of Conway Boys Soccer

Expectations

- Develop all players to their full potential both on and off the field.
- Provide quality coaching and training staff.
- Educate coaches, parents and players on the importance of development first and winning second
- Seek higher competition for further development

Playing Time

The goal for all athletes should be to make varsity by their senior year. All athletes on junior varsity will get playing time every game. That same model is not the same for varsity players. The purpose of junior varsity is to develop enough to earn a spot on varsity.

Conway Boys Soccer Flow Chart

9th Grade

- Learn terminology and style of play.
- Facilitate a positive learning environment both at training sessions and matches.
- Educate/develop the whole player.
- Demonstrate technical and tactical skills and how they can be adapted to further the enjoyment of other sports.
- Encourage participation in general recreation activities and club soccer.

10th Grade - 11th Grade

- Establish and refine training that increases the players' understanding of the correct use of space, width, depth, mobility and other principles of team play.
- Each player should be given the opportunity to develop to his/her fullest potential (physically, mentally, socially, emotionally and intellectually) while working at his/her own rate and present challenges at every level of ability.
- The player development scheme should include a program of development that is varied enough to meet the needs and interests of the individual, which introduces skills that allow for carry-over to game situations.
- The player development scheme should incorporate a variety of teaching and learning styles to allow for maximum participation of each individual.
- The player development scheme should be sensitive to the ethnic flavor and socio-economic status of the player population that allows players as members of a free society to express themselves openly in an enriched environment.

12th Grade

- The player should know the scheme we run and all the terminology.
- Be able to facilitate younger players and have a sense of ownership.
- Demonstrate leadership and mastery of skills.
- Play at the highest level of play with fellow teammates.
