ASST. ATHLETIC DIRECTOR

August 1, 2025

Dear Pirate Parents and Guardians,

It's a great time to be a Pine Tree Pirate! There are so many exciting and new activities going on at the campuses and in our extracurricular activities, and we can't wait to get everyone involved. The following guidelines will ensure that everyone has the opportunity to enjoy athletic contests at Pine Tree ISD.

All Junior High and High School student athletic events will abide by the following rules:

- No student Prek – 8th grade will be allowed at an event without being accompanied by a responsible adult.
- Each event will have an identified student section. Students must sit in the designated area unless seated with a responsible adult.
- Students will remain in their seats at athletic events unless using the restroom or visiting a concession stand. Students will not loiter in common areas, and will be asked to leave if that becomes a problem.
- Students are required to leave the premises of the event within 20 minutes of the close of the activity. An official count down timer will be displayed on the scoreboard at each event. Failure to leave the premises may include follow up discipline at the campus level, as well as removal from future school sponsored events.
- Students are expected to show positive Pirate Pride and support the extracurricular event in an appropriate manner. Students who refuse to follow the direction of staff members, try to run away from authority, become rowdy, or are disrespectful to spectators will be removed from the event. Consequences may include follow up discipline at the campus level, as well as removal from future school sponsored events.

We appreciate your support and understanding as we strive to make all Pine Tree events pleasurable for all Pirate fans. If you have any specific questions, please see your student's campus principal.

GO PIRATES!
