RAM ATHLETIC NEWS

Cheer has been working extremely hard this year to take our program to the next level! The team has been dedicated to mastering more elite stunts, elevating their pep rally performances, and pushing themselves to reach new heights. Our goal is to bring more energy, school spirit, and excitement than ever before while becoming the best BHS Cheer team our school has ever seen!

Swim has the largest team since Coach Slaight has taken the helm. Our current focus is getting as much quality practice time as possible with the pool still closed for renovations. Senior captains, Gabriel Nelson and Chloe Rhun, are doing excellent work both in and out of the water, and we have a promising group of brand new swimmers. Their next meet is Wednesday, October 14th at the Pearce pool vs. RHS.

Football came off a bye week reseted and ready to return to action vs Plano West. This paid off with a great win on Thursday evening. A message from Coach Bryant: "We need all our fans there being loud and cheering the Herd on!"

Cross Country athletes continue to make great progress! We saw many athletes achieve new personal records (PRs) at our last meet, and the team continues to improve each day through their hard work and consistency. We are now preparing for the District Meet on October 12, and we are expecting every athlete to compete with confidence, give their best effort, and work toward setting a new PR. We are excited to see all of their hard work pay off at District!

Volleyball has had challenging matches throughout district and are still fighting to earn a district win. Our Raising Cane's player of the week last week was Adau Chol, and this week will be Dayana Cardenas!

Senior night was scheduled for Monday, October 5th, and it was a great celebration of our seniors.

Coach V said, "Our players are working hard and improving each week. I am very proud of the grit they have shown in our new district alignment for year one!"

Season End

Tennis's Fall Season came to a close last week against Pearce. Coach Shovlin wants to shout out the senior players: Miles Arredondo (Captain), Phillip Phan (Captain), Nhan Nguyen, Lawrence Leung, Sebastian Yacharn, and Magdely Blanco.

Tennis started district play against #8 Ranked in the State, Coppell. The highlight of the match was a line 1 singles by Miles Arredondo. Next, the team battled Lake Highlands and could not come up with the win. Week 3, they hosted #6th Ranked in the State, Plano West. A standout performance in boys' doubles were freshman, Owen Kennelly and Sophomore Jason Le, taking the line 3 doubles to a tie-breaker but could not close out the match. In the next few matches against Richardson and Plano East, the Ram's battled but ended up losing to both squads. In late September, the Rams hosted Plano Senior High and line 2 boys doubles, consisting of senior Nhan Nguyen and freshman Owen Kennelly, took a win from Plano.

Overall, the level of play has improved for the Berkner Rams. We are looking forward to the Spring Season that will start with an early-bird tournament at North Garland for both JV and Varsity on the first week of November.
