

Judson ISD Extracurricular Activity Handbook 2026-2027

Extracurricular Activity Handbook: General Provisions

This Extracurricular Activity Handbook is being developed in accordance with Judson ISD Board Policy FO(LOCAL), which states:

“With the approval of the principal and Superintendent, sponsors and coaches of extracurricular activities may develop and enforce standards of behavior that are higher than the District-developed Student Code of Conduct and may condition membership or participation in the activity on adherence to those standards. Extracurricular standards of behavior may take into consideration conduct that occurs at any time, on or off school property.

A student shall be informed of any extracurricular behavior standards at the beginning of each school year or when the student first begins participation in the activity. A student and his or her parent shall sign and return to the sponsor or coach a statement that they have read the extracurricular behavior standards and consent to them as a condition of participation in the activity.

Standards of behavior for an extracurricular activity are independent of the Student Code of Conduct. Violations of these standards of behavior that are also violations of the Student Code of Conduct may result in independent disciplinary actions.

A student may be removed from participation in extracurricular activities or may be excluded from school honors for violation of extracurricular standards of behavior for an activity or for violation of the Student Code of Conduct.”

What is an Extracurricular Activity?

Any University Interscholastic League (UIL), School District, or campus-sponsored or related public performances, events, contests, demonstrations, displays, club activities, athletics, whether on- or off-campus;

Any elected offices and honors (such as student counsel and homecoming king/queen);

All co-curricular activities, which are those held in conjunction with a credit-bearing class, but that may take place outside of school and outside of the school day (such as band and choir);

All national organizations (such as National Honor Society or Future Farmers of America); and

Any activity held in conjunction with another activity that is considered to be an extracurricular activity (such as a meeting, practice, or fundraiser).

Why are Extracurricular Activities Important?

They promote self-discipline, responsibility, leadership, teamwork, self-confidence, commitment, and student wellness.

They enhance and enrich curricular educational offerings.

They offer participants the opportunity to be leaders and role models on campus and in the community.

They enable participants to represent the School District in a positive manner.

Jurisdiction

Who is Subject to the Extracurricular Code of Conduct?

Any student who participates in one or more extracurricular activities is subject to the Extracurricular Code of Conduct (ECC). A student is subject to the ECC from the time he/she is selected for, elected to, or otherwise joins an extracurricular activity and continues to be subject to the ECC from that point forward unless or until the student no longer participates in extracurricular activities.

When Does the Extracurricular Code of Conduct Apply?

The privilege of representing the School District carries with it a greater responsibility to conduct oneself with respect and dignity, and to serve as a role model for all students. Consequently, extracurricular activity participants are expected to comply with the ECC at all times, regardless of location. This includes both on and off-campus conduct as well as evenings, weekends, holidays, and summer vacation.

Does the Extracurricular Code of Conduct Apply to Student Speech?

Yes. Student speech may be regulated in the following circumstances:

- Speech that materially and substantially interferes with the operation of the school or the rights of others;
- Speech that can be reasonably regarded as promoting illegal activity and/or drug use;
- Speech that threatens violence against a student body, such specific threatening speech to a school or its population; and
- Speech that is vulgar and lewd, and therefore contrary to the school's basic educational mission.

In addition to the above, off-campus student speech may be regulated in the following circumstances:

- Speech that occurs when the student is under the care or control of the school;
- Speech that contains threats aimed at a school employee or other students;
- Speech that is bullying or harassment targeting a school employee or other students;
- Speech that materially and substantially interferes with the operation of the extracurricular activity or the rights of others; or
- Speech that advocates for illegal activity and/or drug use.

Procedures

Who Determines that a Violation of the ECC has Occurred?

The activity sponsor or coach will determine whether a violation of the ECC has occurred and will assess the appropriate consequence.

How will Consequences be Assessed for Different Violations of the ECC?

Multiple violations that occur at the same time are assessed based on the severity of the violation as well as prior ECC violations.

Multiple violations that occur at different times will be cumulative for violating the District's ECC.

Is a student entitled to participate in extracurricular activities?

Participation in extracurricular activities is a privilege, not a right. As such, a student's participation may be revoked at the District's discretion, in accordance with the rules and regulations established in Board Policy, Administrative Regulations, the ECC, and those rules established for a specific extracurricular activity in which the student participates.

How will parents be notified that a violation of the ECC has occurred?

Parents will be notified of all violations that result in suspension from participation in extracurricular activities. Applicable consequences will also be discussed once the student has been given the opportunity to respond to the allegations.

What if a parent does not agree with the decision?

All appeals will be addressed through the District's complaint process, contained in Board Policy FNG(LOCAL).

- The athlete should talk to the coach. The coach should have a phone conversation or face-to-face meeting with the parent or guardian.
- The student may need to be placed into a Physical Education class in order to complete the credit begun in athletics or stay in the athletic period until such time as a schedule change can occur, which could be the next semester.
- All equipment issued must be returned or paid for.
- It shall be the coach's decision whether to allow that student to return to the sport in the future.
- An athlete shall not join another sport until the end of the season of the sport he/she has quit unless mutually agreed upon by the two coaches involved.

● EJECTION FROM A CONTEST

Any JISD student athlete that is ejected from a contest will face suspension from part or all of the next scheduled athletic contest or contests as per UIL rules. Originating in 2021, an ejection in all sports except football will become an automatic one game suspension in the next scheduled contest. In football, the automatic penalty is missing at least the first half of the next scheduled game. Other disciplinary actions may also be imposed and will be determined on an individual basis by the campus Athletic Department.

FAQ's

OPEN ENROLLMENT JISD

This “Open Enrollment” policy allows students who live within the Judson Independent School District boundaries or outside the boundaries to attend any of our JISD schools.

UIL Implications under this policy:

Once a student is academically assigned to one of our High School campuses based on first choice enrollment, UIL guidelines state that the student must fill out a PAPF (Previous Athletic Participation Form) which includes vital information from parent(s), previous school attended, and the new school now attending. This PAPF is voted on by the DEC (District Executive Committee) to determine if this student athlete will be allowed to immediately be eligible for Varsity competition or if the student athlete must complete a 365-day wait period which regulates them to only Sub Varsity eligibility during this time frame.

IMPORTANT: Any JISD student that did not attend one of the JISD High Schools at First Choice as a freshman or is planning on switching schools in grades 10-12 is subject by UIL to complete a 365-day wait period which regulates them to only Sub Varsity eligibility during this time frame.

Home Schooled Student-Section 33.0832 of the Texas Education Code:

JISD will not allow homeschool participation for UIL Varsity sport participation.

CONTEST TRAVEL RELEASE

The Athletic Department wants to emphasize the importance of student-athletes riding the team bus to and from athletic events. The riding of the team bus creates a bond. It is a sanctuary where athletes can commiserate after a loss or celebrate after a victory. It is an educational classroom where coaches can discuss team goals, strategies, give skill, game or practice instruction- a place where a coach can console, congratulate, or motivate an athlete. This environment is not one that can be duplicated or recaptured at any other time.

You take away these experiences, opportunities, and more from your child and our team when you transport them to or from a contest. Under certain circumstances or exceptional situations, athletes may be excused from riding either to or from an athletic event in school authorized transportation.

This is to certify that _____ has my permission to ride (to/from)
Student's Name

The _____ athletic contest on _____ at _____
Sport Date Location

I certify that I am personally transporting the above-named student or have arranged for transportation with an adult (non-student) of my choosing for this student. The reason for not riding the bus is:

I understand that the Judson ISD Athletic rules require that students ride the buses to and from all athletic events and a departure from this requirement will release the Judson ISD from all liability for any adverse results that may occur. I agree to release the Judson ISD and its employees and officers from all liability with reference to the above stated transportation. This form must be on file in the Campus Coordinator's office prior to bus departure for the event that day.
