

# Spectators

Glenwood Athletic Attendance Procedures (per the Illinois Department of Public Health's [All Sports Policy](#)).

This policy will be for Glenwood High School West Gym and the GIS Fieldhouse.

Any games played at Glenwood Middle School will be played without spectators due to IDPH restrictions and the size of our gym.

Any games played at GHS in the East Gym will be played without spectators due to IDPH restrictions and the size of our gym.

Eisenhower Pool will not be allowing spectators at swim meets this season.

- Attendance is limited to a max of 50 spectators (Phase 4). Currently, the GIS Fieldhouse will only have room for 30 spectators given IDPH guidelines.
- Each player will be allowed to put two **immediate household** family members on a pass list.
- Spectators must be immediate family members of participating athletes. Immediate family members are parents/step-parents/guardians and siblings.
- Only those on the pass list will be allowed to enter.
- We understand that situations will arise where different immediate family members will want to attend different games on different dates. We will work with our student-athletes to accommodate these situations.
- If it becomes available, additional immediate family member spots will be added by seniority (i.e. seniors' immediate family additions first, then juniors).
- Spectators are considered anyone not part of the gameday personnel (players, coaches, officials, athletic trainer, scorestable, and administrative staff).
- A pass list form will be distributed to players and parents via their coaches.
  - The pass list will require the family member's name and telephone number.
  - Name and contact information is important for contact tracing purposes.
- When a spectator arrives at the game, they will be required to check in at a kiosk before entering the gym.

- Upon arrival, spectators will confirm that they do not have any COVID-19 symptoms.
  - Spectators temperatures will be checked. Anyone with temperatures above 100.4 will be asked to leave.
  - Hand sanitizer and wipes will be provided at check-in. The wipes are available to wipe your seat before sitting in the bleachers.
- Spectators will be required to sit in the designated seating areas.
  - Spectators must remain at least 30 feet away from the playing area and game personnel.
  - Spectators should only sit next to immediate family members.
  - Spectators will be required to six feet apart from anyone that is not an immediate family member.
- Spectators must wear masks.
- Spectators will only be allowed to stay for the game in which their child is playing. The gym will be cleared of spectators between games (i.e. between JV and varsity games). Those parents whose child plays on both levels will not have to be checked for symptoms a second time when re-entering.
- Spectators should refrain from shouting, singing, or chanting.
- Spectators should follow state guidance regarding social distancing.
- No concessions will be available.
- There will be no admission fee for games at home Glenwood sporting events this winter (GHS boys and girls basketball, GHS boys swimming and diving, GMS boys basketball, and GMS volleyball).

## Away Games

Coaches will share information with parents as soon as possible for away games. To date, we have been informed by most of the schools on our schedule that they are not allowing visiting spectators. We are operating on the assumption that our fans will not be able to attend away events in person. When we hear differently, that information will be shared. We will also share information about any opponents when they offer streaming services.

# Streaming of Games

Glenwood athletes will be streaming home games this winter. This is new technology for our athletic department. With any new technology, we hope that runs smoothly, but know that we may experience technical difficulties from time to time.

- Where to Stream the Games
  - GHS Games - <https://www.glenwoodtitans.org/broadcasts>
  - GMS Games - <https://www.gmstitans.org/broadcasts> (will be activated soon)
- Games will be streamed live.
- Only home games will be streamed. If our opponents stream their home games, we will add that link to the description of the game on the team's schedule (on our websites).
- A recording will not be available for playback at a later date.
- There is no fee to watch these games. Please check our athletic websites for our team schedules.

\*A small NFHS subscription fee will be required for football, boys and girls soccer later this year due to a different service provider for those events. That information will be available at a later date.
