**** Denotes 1986 Wooster High School All Sports Hall of Fame Charter Class***

***** Denotes Girls Athletic Association (GAA)***

The GAA was established in 1922 by WHS physical education teacher Miss Syms. From 1922 to the mid 1970's, when Title IX passage led to equality for women in sports; including at WHS, the GAA afforded female students the chance to compete in a variety of sports. Competing on teams formed within the school, WHS girls could earn points through a variety of ways to qualify to receive the coveted "W", and then continue on to earn the GAA's highest award, a gold pin. Sports included basketball, volleyball, softball, swimming, synchronized swimming(Aquacade), bowling, field hockey, soccer and tennis. With the advent of official girls sports in the mid 1970's, female athletes and teams at Wooster High School have gone on to establish a standard of excellence. In reality, that tradition started 100 years ago with the Girls Athletic Association, whose members didn't have the same opportunities. These 36 members of the GAA are pioneers in WHS sports history.
