

## Participant Protection Protocol Muskogee Athletics

Any of the following occurrences of or exposure to the coronavirus will result in a student being quarantined for an automatic 14-day period with no exceptions for any symptoms, exposure or positive test. Waivers may be extended for out of town travel whenever a student completes the External Event Waiver form and an investigation demonstrates that they would not be overly exposed to uncommon groups of people.

- Occurrence of Related Symptoms -In the event a student is identified as having symptoms related to Covid-19 (ie fever, shortness of breath, excessive coughing, sneezing, runny nose, headaches, etc.) based on the discretion of the coaching staff, the student will be prohibited from attending any athletic events, meetings, practices or games for 14 days following exposure.
- Direct Exposure - in the event a student comes in close proximity, defined as within 6 feet for at least 15 minutes, of a person recently diagnosed with Covid-19 that student is prohibited from attending any athletic events, meetings, practices or games for for 14 days following exposure.
- Confirmed Test - in the event a student has received a positive test for Covid-19, said student will be prohibited from attending any athletic events, meetings, practices or games for 14 days following exposure..
- Out of State Travel - in the event a student is going out of state for travel and will come in contact with large groups (weddings, beaches, airports, hotels, etc.),

said student will be prohibited from attending any athletic events, meetings, practices or games, at the discretion of the Athletic Director, for 14 days following exposure.

- Club Tournament or Other Large Gatherings - in the event a student chooses to participate in a club tournament, location notwithstanding, or other large gatherings (included but not limited to: concerts, weddings, etc.) student may be prohibited from attending any athletic events, meetings, practices or games, at the discretion of the Athletic Director, for for 14 days following exposure. Students may also complete an External Participation Waiver to request an exception to this guideline based on the nature of the travel.
