# What's Weathering?

## NOVEMBER 2026

### American Meteorological Society

ametsoc.org/ams/membership/more-membership-options/

Pre-college students (that's YOU!) are now able to hold **official** membership in the American Meteorological Society! This is a *big deal* and there's TONS of benefits, including looking awesome on that college/career application.
If interested, see any faculty sponsor!

### WarriorWX Dashboard

Have you seen our campus' weather dashboard? Check it out! We update it daily with hyperlocal forecasts and gameday outlooks. The dashboard is *LIVE* to our school and athletic websites and apps. WarriorWX can even provide push notifications for real-time severe weather alerts to Warrior Nation. We are weather-ready! *canva.link/spearcast*

### What We're Currently Weathering

November Weather Focus: **Hurricanes, Flooding, & College/Career**

Upcoming Field Trips: **UTM Meteorology (Nov. 13th) in Martin, TN**
