We would like to formally invite your child to attend our Skills Camp on June 21-23 at Caddo Mills Junior High School. This will be a camp where we will spend a great deal of time working on the fundamental aspects of our game in a way that is age appropriate for your child's needs. We will also spend some time teaching your child the importance of competing through various small-sided games that will incorporate the same concepts that we teach our players at the high school level. It is our hope that you will make it a priority to send your child to our Skills Camp this year so that we may have the opportunity to work with him individually. Below you will see the various skills and concepts we will be teaching throughout the camp:
