

# 2022 HIGHLAND PARK LADY SCOTS TRACK & FIELD

## INTRODUCTION

Welcome to the proud tradition of the Lady Scots Track and Field Team at Highland Park High School. Whether you are an athlete or a parent, you are an important part of this team. As a member of the Scots' team, you have responsibilities to the team. This handout has been specifically prepared for the athlete and parent to help answer questions you may have about our team.

## CAPTAINS

Our team always has great leadership. Our Team Captains for the 2021-2022 school year are:

Ellie Jones	Scarlett Randall
Katherine Anne Massey	Kate Rossley
Alli Grace Ott	Abigail Schott

## COACHING STAFF & COMMUNICATION

We have a great coaching staff. We feel communication is very important. Feel free to contact the coaches with your questions or concerns. However, most of our communication will be with the athletes. If a question arises, please communicate to your daughter first and ask her to communicate to us. If you feel a coach should directly address your question or concern, please contact us. Most communication will be with Coach Bailey. Questions concerning practice, meets, ACE Fees, health or injuries should go to the coaches. Any questions concerning team dinners, spirit buttons, pictures, carpools, posters, yard signs, etc. should be directed to the captains or their parents. Email is the easiest form of communication. You can also contact Coach Bailey using the numbers below.

Susan Bailey - Head Coach [baileys@hpsid.org](mailto:baileys@hpsid.org)

Athletic Office - (214) 780-3042 or 3041

Cell - Please ask a captains' mom for this number - you may call the cell only **IF** it is absolutely necessary.

Roxanne Farris - Assistant Coach

Joshua Hill - Assistant Coach

Eld'hah Kaswatuka - Assistant Coach

Meaghen Seales - Assistant Coach

Each Monday, we post a meet time schedule on the Google Classroom which includes check-in time and event times. The meet schedule will also be placed on the athletic website ([www.scotsillustrated.com](http://www.scotsillustrated.com)) - Sports - Track & Field (G) and be sent out electronically through the captains' parents.

## WHAT IS TRACK & FIELD?

Track & Field is a **competitive interscholastic athletic program**. Members of this team train to compete against other high school teams. The Track & Field program is not for one looking for a weight/physique maintenance program or an easy physical education credit. You are here as part of a competitive team sport. There is no guarantee that everyone will be able to participate in every meet. It is possible to train during the season and not compete in a meet. Members of this team must make this team a priority. By being a member of this team, parent or athlete, you must commit yourself to the team first and the individual second. The workouts are designed to improve your contribution to the team. If you do not want to commit to this goal, you will not be on this team.

The Goals of the Coaches are:

1. To help young people develop strong moral character and an elite mindset.
2. To develop athletes who have individual responsibility and team accountability. (Love for the team, sport, teammates, self-motivated, disciplined, etc)
3. To help the team have a "Joy of the Journey".
4. To encourage a lifetime participation in physical exercise.
5. To win by developing a team.

### **EXPECTATIONS of the ATHLETE**

Track & Field is a class. Class grades are based on following team rules and guidelines, journals, and an active participation in practices and meets.

As a member of this team, you have responsibilities. Members of the Highland Park Lady Scots Track & Field Team are expected to:

1. Maintain a good academic standing. If needed, attend morning tutorials.
2. Be a positive example to teammates, parents, and the community wherever you go. Be selective in your social activities. Do not participate or attend non-school "powder puff" activities. Do not attend activities which do not reflect the team in a positive manner. Be aware of who you are and who you represent.
3. Maintain good training procedures including proper nutrition, rest, and injury management. The illegal use of tobacco, alcohol, or drugs may result in removal from the team. Review the HPISD Extra-Curricular Code of Conduct.
4. Attend and participate in all practices and meets including those scheduled on school holidays. Practices, meets, and team meetings are not optional. Athletes who miss may face disciplinary action. If you miss practice for any reason, you must inform Coach Bailey.
5. Properly care for all equipment checked out to you. Missing/and or damaged equipment will be paid for. Warmups - \$168, bag - \$50, tights - \$35, turtle neck - \$35, uniform shorts - \$42.50, uniform top - \$42.50.
6. Be familiar with the rules for Track & Field. If you are not sure, ask.
7. Keep your parents informed of team activities.
8. Report on time to all team functions. Track & Field on time is five minutes early.
9. Athletes are not to practice with event specific coaches during the season (from the first day of practice until the last meet of the season). This is for the protection of the athletes.
10. Report injuries to the coaches for referral to the athletic trainers. This is the injury protocol.
11. Seniors may not compete at the JV level.
12. **Returning athletes are expected to improve from one season to the next.**

Failure to meet team expectations may result in disciplinary action including suspension from meets and/or removal from the team. Coach Bailey may suspend any team member for any action she considers inappropriate or detrimental to the team.

Beginning with the 2008-09 school year, HPISD approved an Extracurricular Code of Conduct. When students choose to participate in extracurricular activities, they agree to

abide by this Code of Conduct. The parents and athletes can access the ECOC on the athletic website.

If an athlete is to miss practice, **SHE** should contact Coach Bailey before practice, if possible. If an athlete misses practice for any reason, she must explain the reason for the absence by email and face-to-face with Coach Bailey. The athlete should also contact her carpool driver.

Athletes are not excused from practice or meetings to attend tutorials or HPHS club meetings. Athletes will attend tutorials without missing practice. If an athlete has a conflict with a doctor's appointment and a practice, she will be excused from the practice. Upon her return, she must present a doctor's office note verifying the appointment to her attendance clerk. Please try to plan appointments around practice. Missing practices will have an impact on competition opportunities.

If a team member has a conflict with another school activity, the athlete, the sponsor, and Coach Bailey will discuss the situation and try to make a compromise. If there is a conflict with an outside school activity, a club sport or other organization, Track & Field will take priority. Coach Bailey will make the final decision as it affects Track & Field. Athletes are excused for observances of religious holidays.

Coach Bailey will consider conflicts with important family functions on an individual basis.

### **THE ROLE of the PARENT**

Parents are also a very important part to our team. When your daughter decided to join this team, you joined, too. You are our biggest fans. You are encouraged to be an active part of this exciting and rewarding experience. A few guidelines for parents are:

1. Support the entire team.
2. Be a good "sounding board" for your daughter. Track & Field is a VERY mentally demanding sport.
3. Do not plan activities that conflict with your daughter's responsibilities to the team.
4. Do not undermine the coaches' authority.
5. Stay out of the camp and competitive areas.
6. Understand that not everyone has a great meet every week - having a bad meet does not mean your daughter is a failure.
7. Let the girls compete and the coaches coach. If you want to know the race time, buy a watch. Do not ask the coaches or timers for times or distances.
8. Meet days are not good days to try to have a conference with a coach.
9. If you have a question, please ask.
10. Share the fun! Bring a friend to the meets and "out cheer the competition".  
The real test of a fan is a day at a track/field meet.
11. **Please help with the Lady Scots Dual Meet on Friday, January 28<sup>th</sup> and the HP Tri-Meet on Friday, February 4<sup>th</sup>.** We need people to help with the field events.
12. **Please help with the Tracy Wills Invitational Track & Field Meet on April 2<sup>nd</sup> at Germany Park.** We need help to make this meet a success. Everything from equipment setup and food donations for visiting coaches to scorers and event helpers.

13. Read the UIL Parent Information Manual - [www.uiltexas.org](http://www.uiltexas.org).
14. Read the HPIISD Parent/Coach Communication Guide.

### **EQUIPMENT NEEDS**

1. A training **watch** - just a simple one is needed. This is a requirement for each practice.
2. A **navy** sports bra is required for meets.
3. **All runners** should have training and racing shoes. **All throwers** should have throwing shoes. Shoes provide the protection needed for runners to avoid injuries. The shock transmitted during foot strike while running is 5 to 7 times the body weight. Feel free to ask our opinions on shoe needs, but the ultimate choice on shoes is between the athlete and her parents. We will train in spikes at specific periods at practice but the majority of practice will occur in training shoes.
4. Large insulated **water jug** for practice and meets.

**\*\*The athletes will be issued a uniform top, uniform shorts, Under Armour long sleeve mock turtleneck, Under Armour tights, windsuit, and bag. It is extremely important to wash the uniform, mock turtleneck, tights, and windsuit wrong side out and in cold water - no fabric softener. Do not put anything in the dryer - only hang dry.**  
The athletes will have to pay for any damaged or lost equipment. The current warmups cost \$168 to be replaced.

### **TRAINING**

The training for each event is organized so the team will be at their best at the end of the season.

Each practice is organized into phases. Each phase is important.

1. Dynamic Stretching
2. Neuro-Muscular Training
3. Core Training/Hip Flexibility
4. Event Training
5. Cooldown Training

We practice at Germany Park most of the time. Our practices begin during 8<sup>th</sup> period and usually end by 5:30 p.m. However, practices end at different times depending on the athlete's events and her specific workout that day. The day before each meet there will be a team meeting at 2:45 p.m., then we will have practice at Germany Park.

Track & field is an outdoor sport; therefore, it is affected by the weather. We train when it is hot, wet, and cold. If lightning is present, we will go to the indoor facility for practice. HPIISD subscribes to a weather monitoring service. This service contacts the coaches and trainers concerning weather conditions. Coaches are also in contact with the HPIISD Athletic Trainers who closely monitor weather conditions via the internet. Athletes must be prepared for practice. They must have proper workout clothing. Be prepared for drastic weather changes. Forgetting clothes or not having the correct clothing for practice may result in disciplinary action.

Workouts are not negotiable. We do not take much rest before meets early in the season. Our program uses various levels of intensity to prepare for the championship part of the

season. Athletes must prepare themselves both physically and mentally for every practice. If an athlete is not prepared for practice, they are hurting the team. If an athlete misses (unless it is a school related absence) or modifies two or more workouts in a week, she will not compete in the meet that week.

Driver education classes or "getting the license" day are not reasons to miss practice or meets.

Anyone involved in athletics is at risk for an injury. It is best to prevent injury before they occur. Most injuries can be treated with ice. It is the athlete's responsibility to inform Coach Bailey concerning any injury. The athlete, coaches, and athletic trainers cooperate in rehabilitating the injury. Following an injury, the athletic trainers, not the athlete, coach, parent, or parent's physician, will release the athlete for participation. We will all work together to get the athlete back and practicing as soon as we can. Sometimes, athletes will stay with the trainers for treatment instead of traveling with the team for practice. However, the majority of injured athletes attend each practice and will have modified practice activities.

Athletes must **communicate** to the coaches concerning injuries or illnesses. If an athlete has had a fever within 24 hours, she will not be allowed to practice. Coaches want athletes to communicate concerning injuries, sore throats, and even just feeling "yucky".

Nutrition is important for all athletes. A good balanced meal of complex carbohydrates, meats, and fluids is the best. Runners **MUST** increase their food intake to properly fuel their body. Fluids not only make the athlete more comfortable following a run, they are also vital for muscle recovery. Athletes should be drinking a **MINIMUM** of half their body weight in ounces each day; for example, 120 lb athlete would need to drink 60 oz of fluid per day. Sports drinks, pedialyte, fruit juices, milk, and water are all good sources of fluids. Athletes should eat before and after every practice and also before and after their event(s) on meet day.

**A lunch:** B → smaller snack → L → larger snack → pre ptf snack → ptf → recovery → dinner → night snack

**B Lunch:** B → snack → L → snack → pre ptf snack → ptf → recovery → dinner → night snack

**C Lunch:** B → larger snack → L → smaller snack → pre ptf snack → ptf → recovery → dinner → night snack

Recovery from a hard workout or race is very important. The following will expedite recovery over 300%:

1. Within 30 minutes, re-hydrate & stretch. Chocolate milk is a **GREAT** recovery drink!
2. Within 60 minutes, intake simple protein.
3. Within 3 hours, ice massage, and ice bath. An ice bath is a wonderful recovery tool.

Sports Nutrition Playbook by Amy Goodson

The Female Triad - any female athlete should be concerned with eating habits, menstrual cycles, and bone strength. These have an effect on you for life. For more information on

this, contact your doctor. There is good information available in publications, books, and on the internet.

### **MEET DAY**

We travel to and from the meet as a team by bus. However, due to COVID, parents can drive their daughter(s) to the meet. The athlete must be at check-in on time at the stadium, and the parent will follow the bus. Athletes are given a time schedule for the meet each week. The schedule will include a check-in and departure time. The departure time varies, but on Saturday meets it is usually between 4:30 a.m.-5:30 a.m. Athletes who miss check-in will be ineligible to compete in that meet and the following meet. Additional disciplinary action is at the head coach's discretion.

Some meets require athletes to depart during the school day. The coaches turn in a list of names to the Attendance Office for those departing. This is an Excused/School Related Absence. Athletes are responsible for communicating to their teachers concerning their class assignments.

Most meets have a Varsity and a Junior Varsity Division. At some meets, we are allowed to enter extra athletes in some events. How long a meet lasts is determined by how many schools are entered. Most Saturday meets are completed by 6:00 p.m. Bad weather can have an impact on how long a meet takes to complete.

Through experience, we have learned the following:

1. Meets are long! Bring food.
2. The meet director may change the order of events or the time schedule, if necessary.
3. We compete in all kinds of weather.
4. We support our teammates during competition. If a teammate is competing, we will have the team there cheering.
5. The camp is for the team, not for family or friends. The camp is for competition preparation and recovery. Be respectful to those who are preparing for competition. When listening to music devices, headphones must be used.
6. The team is dismissed when Coach Bailey dismisses everyone. Following the meet, we will have a team meeting. The coaches prefer the athletes to ride back with the team following the meet, but due to COVID, athletes may ride home with their parents. Following the team meeting, parents can "sign out" their child with the designated coach. If the athlete is to ride with a parent other than her own, the athlete must turn in the HPIISD Athletic Department Travel Release Form **THE DAY BEFORE THE MEET with a written note from the parent giving the athlete permission to ride with another parent!** The form can be found on [www.hpisd.org](http://www.hpisd.org) - Departments - Athletics - Parent Athlete Information.

### **TYPES of MEETS, EVENTS, and SCORING**

We attend meets, which have two basic formats:

Prelims and Finals - The sprint and relay races must run in the morning session (preliminaries) to qualify to race in the afternoon session (finals). Typically the top 8 times go to the finals. At these meets, most field events are held during the prelims.

At the District Meet, the sprint races will have prelims on day one, and the finals will be day two.

At the Regional Meet, the sprint and relay races will have prelims on day one, and the finals will be day two.

Heats by Time - An event is run and times recorded. Then, all the times for that event are compared to determine the event places. At these meets, most field events and races are happening at the same time.

The seventeen University Interscholastic League events for girls are:

High Jump, Long Jump, Triple Jump, Shot Put, Discus, Pole Vault, 3200 Meter Run, 400 Meter Relay, 800 Meter Run, 100 Meter Hurdles, 100 Meter Dash, 800 Meter Relay, 400 Meter Dash, 300 Meter Hurdles, 200 Meter Dash, 1600 Meter Run, and 1600 Meter Relay.

Some invitational meets may have different events than these seventeen listed.

Scoring a Meet - Each event is scored for team points. The team points are determined by an athlete's place in that event. The team points are:

1<sup>st</sup> Place = 10 points

2<sup>nd</sup> Place = 8 points

3<sup>rd</sup> Place = 6 points

4<sup>th</sup> Place = 4 points

5<sup>th</sup> Place = 2 points

6<sup>th</sup> Place = 1 point

Relay races count *DOUBLE POINTS*.

#### **DISTRICT, AREA, REGIONAL, and STATE TRACK & FIELD MEETS**

\*Monday, April 11<sup>th</sup> and 13<sup>th</sup> - JV/Varsity District Track & Field Meet (make-up days Apr. 14<sup>th</sup>, 15<sup>th</sup>, 16<sup>th</sup>). Any Varsity athlete who places 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup>, or 4<sup>th</sup> in an event will qualify for the Area Track & Field Meet.

\*Thursday, April 21<sup>st</sup> - Area Track & Field Meet (makeup day is Saturday, April 23<sup>rd</sup>). Any athlete who places 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup>, or 4<sup>th</sup> in an event will qualify for the Regional Track & Field Meet.

\*Friday, April 29<sup>th</sup> and Saturday, April 30<sup>th</sup> - Regional Track & Field Meet. Any athlete who places 1<sup>st</sup> or 2<sup>nd</sup> in an event will qualify for the State Track & Field Meet. The UIL staff will select one additional qualifier for each event to compete in the State Meet. This qualifier will be the individual and/or relay team with the best overall time, mark, or height from all Regional Meets per classification that did not finish first or second.

\*Friday, May 13<sup>th</sup> - State Track & Field Meet.

### **SAT, ACT, COLLEGE VISITS**

Athletes are not excused to take review classes for these tests. Seniors and juniors, who need to take college visits, should plan these around practices and meets. In special instances, seniors and juniors may be excused to make the college visits.

### **HPISD TRAINING STAFF**

The Head Trainer is Jay Harris and the Assistant Trainers are Christal Clark and Kirk Kaps. Please let Coach Bailey know if you need to see a trainer. Due to COVID, it is by appointment only. There is a secondary insurance policy available.

### **CARPOOLS**

Carpools are organized by captains, seniors, and juniors. Parents and athletes must complete a travel release form to/from practices to be in a carpool. Until further notice, all athletes must wear a mask in the carpool and have the windows down at least halfway. The purpose of this is to keep everyone as healthy as possible. If you have questions concerning carpools, please ask. Carpool drivers will transport the athletes safely. If a coach sees a driver performing in an unsafe manner, the coach will confiscate their keys, secure the car and leave it, and deliver the driver and the keys to her parents. If a parent desires, he/she may transport his/her daughter to and from practice and team activities.

### **ACE Fee**

HPISD's Athletic Commitment to Excellence, which has been in place since 1994-95, helps offset the considerable expense of running an athletic program that serves more than 2,600 students in grades 7-12. For 2021-22, the ACE fee will continue at its current rate of \$300 per student athlete. Students may participate in more than one sport without an additional fee. **The fee must be paid by Friday, February 4<sup>th</sup> at 4:00 p.m. for the athlete to continue competing and practicing.** Families with special financial circumstances should discuss payment options with Coach Bailey.

### **SPORTS CLUB**

The Highland Park Sports' Club supports ALL athletics in HPISD. They have been a tremendous help to the Lady Scots Track/Field Team. Parents are encouraged to get involved with the Highland Park Sports' Club. The cost is \$75 per family - [www.hp-scots.com](http://www.hp-scots.com).

**ATHLETIC WEBSITE** - [www.scotsillustrated.com](http://www.scotsillustrated.com)

### **CLOSING**

The Highland Park Lady Scots Track & Field Team has a tradition of excellence. You have a great opportunity as an athlete or a parent to continue this tradition. You must be willing to place individual goals behind the team goals. By doing this, we all succeed.

### **DATES TO REMEMBER**

Jan. 28<sup>th</sup> (Fri.)                      Lady Scots Dual Meet at Germany Park (HP & Coppell)

Feb. 4<sup>th</sup> (Fri.)                        HP Tri-Meet at Germany Park (HP, Coppell, Waxahachie)

Feb. 21 <sup>st</sup> (Mon.)	Practice @ 3:30 p.m. (school holiday)
TBA	Cornerstone Scholar Athlete Applications due online by 4:00 p.m. (Juniors/Seniors only)
Apr. 2 <sup>nd</sup> (Sat.)	Tracy Wills Invitational at Germany Park
Apr. 6 <sup>th</sup> (Wed.)	Cornerstone Scholar Athlete Program @ 6:30 p.m. <b><u>ALL team members attend.</u></b>
Apr. 15 <sup>th</sup> (Fri.)	Practice @ 8:00 a.m. (Varsity Area Qualifiers Only)
Apr. 18 <sup>th</sup> (Mon.)	Practice @ 3:00 p.m. (Varsity Area Qualifiers Only)
April 27 <sup>th</sup> (Wed.)	Track & Field Banquet @ 5:30 p.m.
TBA	Athletic Physicals @ Highlander Stadium
Nov. 28 <sup>th</sup> (Mon.)	Tryouts begin for 2022-23 season
