

CHRISTIAN BROTHERS ACADEMY ATHLETICS

VARSITY SOCCER TEAM

I look forward to sharing my passion for the game of soccer and my devotion to CBA with the members of the CBA community. This is an opportunity of a lifetime of which I have spent more than half my life preparing for. I welcome everyone to a game this season to get an up-close experience of the culture we have established at CBA.

You can expect a festive atmosphere at all home games inspired by our student section known around the state as the "Colt Crazies". We typically introduce starting line-ups and play some pre-game and halftime music for all players and supporters. The new turf field complex is a maximum size pitch which will be dressed with the many accomplishments of the players that have worn our jersey in the past. Our players deserve only the best atmosphere to showcase their various talents. Many of our home games are streamed online for parents, students, and alumni unable to attend. The added exposure will help with college recruitment and exposure to the program. I invite you to witness firsthand the tradition of excellence in CBA soccer and look forward to seeing you on the touchline this season.
