NORTHGATE CROSS COUNTRY SUMMER PROGRAM

We will have a summer prep program open for 6th - 12th grade students from **Monday June 9th** for seven weeks ending on **Friday July 25th**. The program will be hosted at Northgate High School track from 8 - 10:30 am daily, Monday - Friday. Additionally there will be 'Scenic Saturdays' which are held in various locations throughout the East Bay to give runners an opportunity to explore a new set of trails. Fee will be attached to this program.

Point Reyes Camp we will be hosting a sleep away camp at scenic Point Reyes from **Monday 28th July - Wednesday 30th July** which will be open to incoming 9th graders and above, joining the Northgate Cross Country Team in the fall. Fee will be attached to this program.

The Annual Alumni Race will be held at Castle Rock Regional Park the morning of Saturday 2nd August and is the ideal opportunity for all of those who took part in our summer program to cap off their summer of running with a competition to see their progress and a fun breakfast with alumni of the program.

4th - 8th August there will be pre-season workouts daily for all those joining the team immediately following school. This provides a 9 week structured prep period for all of those wishing to join the team.

NORTHGATE CROSS COUNTRY SEASON

Monday August 11th, 3:45 - 5:45 pm practice is held Monday - Weds - Friday at this time daily. On Tuesdays and Thursdays practice starts at 3:50 pm. We also hold Saturday practice from 9 - 11 am. All inservice days we hold practice from 9 - 11 am. Runners meet at the track. **In order to participate all students must have completed registration including a physical with either their own doctor or with the sports medicine department, see our website for further information** <https://www.northgatebroncos.org/athlete-registration>

Expectations regarding numbers of practices students attend:

First time runners regardless of age we limit all first year runners to four practices a week and they are excused from Wednesday practices and Saturday practices. This is to keep mileage low and ensure we limit injuries as the body develops the strength to

withstand the rigors of the sport. There will however be Saturdays they are required to attend that involve community service or picture day, or a race rather than a practice.

Returning runners are expected to attend five practices a week. You are also excused on Wednesdays, to allow you a midweek opportunity to focus on homework and catching up on sleep.

Returning varsity runners are expected to attend six practices a week whenever possible.

KEEPING CROSS COUNTRY AS ACCESSIBLE A SPORT AS POSSIBLE

In recognition that high school is a period of your life when you will wish to explore many experiences we will on occasion offer students the chance for reduced attendance to allow them to balance some of those interests, particularly if this is your first year in the sport so you have the opportunity to try it without prejudicing what might be a multi year commitment to another activity. This is however done on an individual case by case basis and requires initial and full communication from athlete to coach before joining the team.

Dual sport athletes if you are in another club sport (not an Northgate sport) you can apply to join the team on this basis and we will individually negotiate a practice schedule that allows you to have meaningful participation in both, but without risk of burnout or injury. This can only be undertaken with the full knowledge and cooperation of your club coach.

Additional external commitments if a student has musical, or other club commitments that might preclude full participation in cross country they should also communicate in advance with coaches and we can determine if a reduced cross country commitment will make sense for you.

Wednesday 13th August 6 pm Parent Meeting in the Lecture Hall, mandatory for all parents. Uniform distribution will also occur.

RACING SCHEDULE - mandatory races are indicated, please do not join the team if you have commitments that preclude your attendance from the DAL meets and the championship

Please note due to the low sign up for car pools last season all athletes are responsible for finding their own rides, if you know you do not have transportation please speak to coaches several days ahead and we can help with informal rides. Buses will be provided for the two midweek league meets.
