Scheduling conferences to discuss concerns with a coach

There will be situations that may require a conference between a coach and a parent. It is important that both parties involved have a clear understanding of the other person's position.

When parents believe these conferences are necessary, please consider the following information:

- Do not attempt to confront a coach before, during or after practices/games.
- Parent/coach conferences will not take place without a player/coach consultation first.
- Conferences cannot be held on the day of a competition or travel.
- Appropriate concerns to discuss with a coach:
 - The mental and physical treatment of your child.
 - What your child needs to do to improve.
 - Concerns about your child's behavior.
- Inappropriate issues to discuss with coaches:
 - Playing time
 - Team strategy
 - Play calling
 - Team placement
 - Matters concerning other student-athletes

If a parent believes a conference is necessary, please email: oluna@pbtisd.esc18.net

If a parent has a concern to discuss with the coach, the following procedure should be followed:

1. Contact the coach to set up a conference.
2. If the coach cannot be reached, call the athletic director and ask him or her to set up a meeting with the coach for you.
3. Think about what you expect to accomplish as a result of the meeting.
4. Stick to discussing the facts, as you understand them.
5. **Do not confront the coach before, during or after a practice or contest. These can be emotional times for both the parent and coach. Meetings of this nature do not promote resolution of the situation, but often escalate it.**
