Themed High Schools Competitive Interscholastic Activities GHSA Athletic Participation

Eligibility:

GHSA Form MT should be completed by the receiving service area school and submitted to GHSA. Broader access to data will be given so this task can be completed. Currently the local school principal and SDMC have access to information that to complete form MT.

Discipline:

Issues concerning behavior will be coordinated when appropriate between administrators at both schools. School leaders should consider having a coordinator to support timely and effective communication of needed information.

Transportation:

Buses will run normally for school dismissal. It is the responsibility of the student to secure transportation if normal bus routes do not support timely arrival for games or practices. No athletic specific transportation will be provided from Themed High Schools.

School Attendance:

Students that are part of a team will be permitted to travel as required for GHSA sanctioned competitions. These absences will be marked excused. All normal school attendance rules may apply for athletic participation. There will be no early release from school for practices.

Participation:

Student/Parent must communicate with the GHSA member school in a timely manner of their desire to participate. Eligibility and compliance measures will follow normal processes from that point forward. Sports requiring a try-out should include these students in the process.

Communication:

All schools named in this policy should make their student body aware of these new opportunities as we move into 2025-2026 and subsequent years. This policy supports grades 9-12 and GHSA athletics only.
