Parent / Guardian Consent to Treatment of Student-Athlete

I, \_\_\_\_\_, the undersigned parent / guardian of

\_\_\_\_\_ Name of Student

\_\_\_\_\_ SSN

A minor, do hereby authorize the Connally ISD athletic trainer or school representative on my behalf to consent to any medical treatment deemed necessary by any licensed physician/surgeon in the event of illness or injury to the above named minor.

I give permission to Connally Independent School District to use and disclose any medical information necessary for the above student to receive the most appropriate treatment. I also give permission to Connally Independent School District to use and disclose medical information for the above student for the purposes of ensuring that quality care is delivered.

This consent to treat is intended to cover any illness or injury sustained while participating in any school athletic competition or practice, on or off campus, and while traveling to and from the event.

If, in the judgment of any representative of the school, the above named student needs immediate care and treatment as a result of any injury or sickness, I do hereby request, authorize, and consent to such care and treatment as may be given to said student by any physician, trainer, nurse, hospital, or school representative; and I do hereby agree to indemnify and save harmless the school and any school representative from any claim by any person whomsoever on account of such care and treatment of said student. I hereby authorize any hospital, which has provided treatment to the above named student to surrender custody of that student to the athletic trainer or school representative upon completion of treatment.

These authorizations shall remain effective until the end of the 2023/2024 school year.

### ATHLETIC INSURANCE POLICY

**Parents and Guardians:** Connally ISD will provide a limited benefit SECONDARY insurance policy for students grades 7 – 12 involved in interscholastic sports.

**This insurance policy does not provide comprehensive coverage.** Our insurance works as a secondary policy. You must file on any other insurance you have first and then on our policy second. Once your primary insurance has paid, then the remaining balance up to a certain maximum will be paid. If you do not have primary coverage, the school insurance will only pay the maximum allowed benefit. **There is no guarantee that all medical expenses will be covered and ALL UNCOVERED expenses are the parent's responsibility.** Claim forms, available through the sport's head coach or athletic trainer, should be taken to the doctor when an injury requires professional medical treatment. Make sure all bills are itemized to insure maximum coverage. **Claim forms need to be filed within 90 days of the initial injury.**

The supervising coach or athletic trainer *must* receive prior notice that an athlete is going to the doctor because of an athletic injury. This is not done to prevent an athlete from going to the doctor, but so that we can keep up with injuries accurately and fill out the claim forms properly. **Any athlete who has an injury due to UIL sports competition or workouts should report it to the athletic trainer or coach immediately.** The school will not be held responsible for any visits to the doctor for which the supervising coach or athletic trainer does not receive prior notice.

**Also, understand that BENEFITS of the school insurance will vary according to injury and physician and/or hospitals visited. If you have any questions regarding this insurance, please call an athletic trainer or coach.**

---

**MEDICATION PERMIT:** Licensed Athletic Trainers designated by the Connally Independent School District are hereby given my consent to administer non-prescription medication to said student. All efforts will be made to contact the parent before disbursement of said medications. Only Tylenol, Ibuprofen or medications for upset stomachs will be administered to the above-mentioned student.

---

### CONNALLY ATHLETIC INJURY POLICY

In an effort to insure all of our athletes receive proper medical attention, we will use the following guidelines

- **All** injured athletes must be seen by the Athletic Trainer as soon as possible after the injury occurs.
- Athletes need to let their Coach know they are injured prior to seeing the Athletic Trainer.
- The Athletic Trainer will make an evaluation of the injury and decide on a course of action.
- Athletes whose activities are restricted by a physician for any reason must have a note from a physician to release them to return to activity.

**In the event of an injury or illness occurring outside of athletics, we will work with the athlete with a note from a physician. Connally ISD assumes no obligation to treat said injury or illness. We will assume no responsibility for treating any illness or injury resulting from the athlete's violation of state or federal law, Connally ISD rules, or any situation where litigation is pending (i.e. motor vehicle accident).**

---

**I have read and understand the above information regarding insurance coverage, administration of over the counter medications, and the athletic injury policy**

**CONNALLY ISD ATHLETICS  
ACKNOWLEDGEMENT OF INSURANCE**

Students Name: \_\_\_\_\_  
(Please Print)

Connally Athletic Department has a supplemental insurance policy that abides by the following guidelines:

- A. If the student's parents have their own personal health insurance, the school's policy serves as a secondary policy.
- B. Anything that the school's insurance does not pay is the responsibility of the parent.
- C. If the parent does not have personal health insurance and the student gets hurt, the school insurance will pay only the amount listed on the insurance schedule.

## Parent or Guardian's Permit

I hereby give my consent for the above student to compete in University Interscholastic League approved sports, and travel with the coach or other representative of the school on any trips.

Furthermore, as a condition of participation and for the purpose of ensuring compliance with University Interscholastic League (UIL) rules, I consent to the disclosure of personally identifiable information, including information that may be subject to the Family Educational Rights and Privacy Act (FERPA), regarding the above named student between and among the following: the high school or middle school where the student currently attends or has attended; any school the student transfers to; the relevant District Executive Committee and the UIL. I further understand that all information relevant to the student's UIL eligibility and compliance with other UIL rules may be discussed and considered in a public forum. I acknowledge that revocation of this consent must be in writing and delivered to the student's school and the UIL.

It is understood that even though protective equipment is worn by the athlete whenever needed, the possibility of an accident still remains. Neither the University Interscholastic League nor the high school assumes any responsibility in case an accident occurs.

I have read and understand the University Interscholastic League rules on the reverse side of this form and agree that my son/daughter will abide by all of the University Interscholastic League rules.

The undersigned agrees to be responsible for the safe return of all athletic equipment issued by the school to the above named student.

If, in the judgement of any representatives of the school, the above student needs immediate care and treatment as a result of any injury or sickness, I do hereby request, authorize, and consent to such care and treatment as may be given to said student by any physician, licensed athletic trainer, nurse, hospital, or school representative; and I do hereby agree to indemnify and save harmless the school and any school representative from any claim by any person whomsoever on account of such care and treatment of said student.

I have been provided the UIL Parent Information Manual regarding health and safety issues including concussions and my responsibilities as a parent/guardian. I understand that failure to provide accurate and truthful information on UIL forms could subject the student in question to penalties determined by the UIL.

The UIL Parent Information Manual is located at [www.uiltexas.org/files/athletics/manuals/parent-information-manual.pdf](http://www.uiltexas.org/files/athletics/manuals/parent-information-manual.pdf).

Your signature below gives authorization that is necessary for the school district, its licensed athletic trainers, coaches, associated physicians and student insurance personnel to share information concerning medical diagnosis and treatment for your student.

To the Parent: Check any activity in which this student is allowed to participate.

### GENERAL INFORMATION

School coaches may not:

- Transport, register, or instruct students in grades 7-12 from their attendance zone in non-school baseball, basketball, football, soccer, softball, or volleyball camps (exception: See Section 1209 of the Constitution and Contest Rules).
- Give any instruction or schedule any practice for an individual or a team during the off-season except during the one in school day athletic period in baseball, basketball, football, soccer, softball, or volleyball
- Schools and school booster clubs may not provide funds, fees, or transportation for non-school activities.

### GENERAL ELIGIBILITY RULES

According to UIL standards, students could be eligible to represent their school in interscholastic activities if they:

- are not 19 years of age or older on or before September 1 of the current scholastic year. (See Section 446 of the Constitution and Contest Rules for exception).
- have not graduated from high school.
- are enrolled by the sixth class day of the current school year or have been in attendance for fifteen calendar days immediately preceding a varsity contest.
- are full-time students in the participant high school they wish to represent.
- initially enrolled in the ninth grade not more than four years ago.
- are meeting academic standards required by state law.
- live with their parents inside the school district attendance zone their first year of attendance. (Parent residence applies to varsity athletic eligibility only.) When the parents do not reside inside the district attendance zone the student could be eligible if: the student has been in continuous attendance for at least one calendar year and has not enrolled at another school; no inducement is given to the student to attend the school (for example: students or their parents must pay their room and board when they do not live with a relative; students driving back into the district should pay their own transportation costs); and it is not a violation of local school or TEA policies for the student to continue attending the school. Students placed by the Texas Youth Commission are covered under Custodial Residence (see Section 442 of the Constitution and Contest Rules).
- have observed all provisions of the Awards Rule.
- have not been recruited. (Does not apply to college recruiting as permitted by rule.)
- have not violated any provision of the summer camp rule. Incoming 10-12 grade students shall not attend a baseball, basketball, football, soccer, or volleyball camp in which a seventh through twelfth grade coach from their school district attendance zone, works with, instructs, transports or registers that student in the camp. Students who will be in grades 7, 8, and 9 may attend one baseball, one basketball, one football, one soccer, one softball, and one volleyball camp in which a coach from their school district attendance zone is employed, for no more than six consecutive days each summer in each type of sports camp. Baseball, Basketball, Football, Soccer, Softball, and Volleyball camps where school personnel work with their own students may be held in May, after the last day of school, June, July and August prior to the second Monday in August. If such camps are sponsored by school district personnel, they must be held within the boundaries of the school district and the superintendent or his designee shall approve the schedule of fees.
- have observed all provisions of the Athletic Amateur Rule. Students may not accept money or other valuable consideration (tangible or intangible property or service including anything that is usable, wearable, salable or consumable) for participating in any athletic sport during any part of the year. Athletes shall not receive valuable consideration for allowing their names to be used for the promotion of any product, plan or service. Students who inadvertently violate the amateur rule by accepting valuable consideration may regain athletic eligibility by returning the valuable consideration. If individuals return the valuable consideration within 30 days after they are informed of the rule violation, they regain their athletic eligibility when they return it. If they fail to return it within 30 days, they remain ineligible for one year from when they accepted it. During the period of time from when students receive valuable consideration until they return it, they are ineligible for varsity athletic competition in the sport in which the violation occurred. Minimum penalty for participating in a contest while ineligible is forfeiture of the contest.
- did not change schools for athletic purposes.

**I understand that failure to provide accurate and truthful information on UIL forms could subject the student in question to penalties determined by the UIL.**

I have read the regulations cited above and agree to follow the rules.

**Connally Independent School District  
Drug Testing Policy  
for the School-Sponsored UIL/Extra-Curricular Programs**

The purpose of this notice is to inform you of the school's drug testing policy for participants in the School-Sponsored UIL/Extra-Curricular Programs. This policy and the program that supports it are not designed for punitive measures, but to eliminate the potential threat to the student's health and safety that can occur if students are using or under the influence of illegal drugs or alcohol or unauthorized use of prescription drugs while participating in the School-Sponsored UIL/Extra-Curricular Programs. We want the testing program to deter drug and alcohol use and help students live drug/alcohol free lives. Please note the following key points of the program:

1. For the purpose of this policy, the testing program shall apply to the School-Sponsored UIL/Extra-Curricular Programs at Connally High School and Connally Junior High School. All UIL/Extra-Curricular programs will be those designated by local board policy. All screenings include, but are not limited to, alcohol, marijuana, cocaine, opiates, amphetamines, PCP, LSD, ecstasy, anabolic steroids, and prescription drugs.
2. A random test shall take place at the high and/or junior high school. All students participating in the School-Sponsored UIL/Extra-Curricular Programs shall be eligible for selection for random testing for each drug-testing period. There will be a total of 60 participants which will be tested each testing period.
3. Students shall not be notified in advance of any drug test. Students shall be called to the school-testing site by a school official which will most likely be the Directors of Athletics or his/her designees. Every effort shall be made to call the student at a time that is least disruptive to the student's academic schedule.
4. Students shall remain under supervision until an adequate sample is provided. Two specimen vials shall be given to the student by a school employee or drug-testing technician so that split specimens are collected. The second vial may be used if a retest is requested or considered necessary by the athletic director.
5. Parents may request or appeal to have the second vial retested within two days notice of the original positive test. The parent will incur all cost associated with the retest.
6. Failure of a student to provide an adequate urine sample (approximately 30 ml) by the end of the school day, shall be considered as refusal to be tested and the student will be disciplined as if the drug-test results were positive using the appropriate drug-testing policy sanction that applies to the student. The student/parent may submit documentation as explanation of the student's inability to provide a urine sample.
7. Any student who fails to report for testing when summoned or who refuses to be tested, shall be considered in violation of this policy and shall be removed from the activity. In the event that a student has two prior drug-testing violations and/or other drug related policy violations, a refusal to take a drug test, failure to report for a drug test, or tampering with a drug-testing sample, shall result in the student's being ineligible to participate in the School-Sponsored UIL/Extra-Curricular Programs for the remainder of the student's school career at Connally ISD.
8. Students shall be asked to empty their pockets before entering the restroom and may not carry any personal possessions—including coats, hats, caps, or outer garments, etc.—into the restroom while providing a urine sample. Specimen vials shall be given directly to the designated employee or drug-testing technician.
9. The District shall contract with a federally licensed agency to manage the random selection of athletes for monthly testing, collection and transport of specimens, laboratory specimen testing, and medical review of positive results by physicians with extensive experience with substance abuse disorders. The initial screening cut-off level for a positive marijuana test or positive test for any other substance detected shall be in compliance with the standards used by the United States Department of Transportation.
11. **Parents and students are cautioned regarding the student's use of prescription drugs that are not prescribed specifically in the student's name prior to the student's use of the prescription drug. A student who is tested and has a positive test for non-prescribed drug(s) is in violation of this policy, and the appropriate policy sanction shall apply to the student. It will not be considered an acceptable defense for the student to assert that the parent authorized the student to take a non-prescription drug.**
12. Any sample registering below 92 degrees Fahrenheit shall be rejected. Also, if the lab technician suspects tampering has occurred, the sample shall be rejected and another must be provided. If tampering occurs, the student shall be suspended from participation in the School-Sponsored UIL/Extra-Curricular Programs at Connally I.S.D. for one calendar year. A second occurrence of tampering with a sample, in the event a student has two prior drug-testing violations and/or other drug related policy violations, a refusal to take a drug test, failure to report for a drug test, or tampering with a drug testing sample, shall result in the student's being ineligible to participate in the School-Sponsored UIL/Extra-Curricular Programs for the remainder of the student's school career at Connally ISD.
13. **Students and parents are also hereby notified that students who are 18 years of age or older, are authorized to sign the consent form for themselves in accordance with state law, and all other notices, communications, and conferences regarding this policy will be directed to and conducted with the student only; unless requested by the student.**
14. **Sanctions after a first positive test are as follows:**
  - a. The student will be suspended from participation in the School-Sponsored University Interscholastic League programs for 30 calendar days effective with the Athletic Director's notice of the positive drug test results to the student and parents/guardians.
  - b. The student will be retested during the next three random testing periods.
  - c. The Athletic Director will require that the student participate and show proof of enrollment in an approved substance abuse program.**Sanctions after a second positive test will be as follows:**
  - a. The student will be suspended from participation in the School-Sponsored University Interscholastic League programs for 1 calendar year effective with the Athletic Director's notice of the positive drug test results to the student and parents/guardians.
  - b. The student will be retested during the next three random testing periods.
  - c. The Athletic Director will require that the student participate and show proof of enrollment in an approved substance abuse program.**Sanctions after a third positive test will be as follows:**
  - a. The student will not be permitted to participate in any school-sponsored University Interscholastic League program for the remainder of the student's school career at Connally ISD.

**CONNALLY I.S.D.**  
**DRUG TESTING POLICY**

**STUDENT/PARENTAL CONSENT TO BIOLOGICAL TEST**

(I,)(We,) \_\_\_\_\_, minor student, and \_\_\_\_\_, parent(s) to the minor student enrolled in \_\_\_\_\_ School and participating in Connally ISD School-Sponsored UIL/Extra-Curricular Programs, hereby agree to the following:

I have been informed about and have received and read a copy of Connally Independent School District's Policy regarding substance abuse. I understand the policy and that it is the practice of the district to conduct drug and alcohol tests for the purpose of carrying out this Policy.

The parent or guardian agrees to provide and/or authorize district personnel or its contractors to collect the student's information regarding medical treatments, use of prescribed and/or unauthorized prescription medications, and drugs.

I have been informed that my child cannot be compelled to give a biological specimen. I have been informed that if he/she gives a biological specimen, it will be tested for illegal drugs and/or alcohol and/or unauthorized prescription drugs. I have been informed that the giving of a biological specimen, when requested by the district, is a condition of my child's participation in the School-Sponsored UIL/Extra-Curricular Programs, as defined by Connally I.S.D. Policy FNF (LOCAL). I have been informed that if a test of my child's specimen reveals an unexplained presence of a drug and/or alcohol, the district may take disciplinary action against him/her, including termination of participation in the School-Sponsored UIL/Extra-Curricular Programs at Connally Independent School District and such other programs or extracurricular activities to which the policy may apply.

I authorize the officers, employees, and agents of **A and D Testing**, and the officials of Connally Independent School District to communicate among themselves in order to consider my student athlete's drug and/or alcohol test results for enforcement of this Policy. I also authorize the officers, employees, and agents of **A and D Testing** and the district to have continued access to my child's biological specimens for the purpose of any further analysis or study that may be necessary, and require the results be communicated to me prior to any district administrative proceedings regarding eligibility.

I (we) have read and understand that three positive tests shall prevent further participations by (me) (the student) in Connally ISD School-Sponsored UIL/Extra-Curricular Programs for the remainder of my career at Connally ISD. **All parents' regardless of their child's age will be notified of any positive test.**

I have also been informed that disciplinary actions taken against the above named student for possession, use, sale, or being under the influence of an illegal drug and/or alcohol and/or unauthorized use of prescription drugs, as stipulated in the campus Student Code of Conduct, shall constitute a violation of the Connally I.S.D. Drug Testing Policy equivalent to a "positive drug-test result."

I (we) have received, read, and understand the Connally I.S.D. Drug Policy.

At this time, I (we) hereby consent to my child giving a biological specimen. I (we) understand that a refusal to give the biological specimen shall have the same effect as a positive result.

# CONCUSSION ACKNOWLEDGEMENT FORM

Name of Student \_\_\_\_\_

**Definition of Concussion** - means a complex pathophysiological process affecting the brain caused by a traumatic physical force or impact to the head or body, which may: (A) include temporary or prolonged altered brain function resulting in physical, cognitive, or emotional symptoms or altered sleep patterns; and (B) involve loss of consciousness.

**Prevention** - Teach and practice safe play & proper technique.  
 - Follow the rules of play.  
 - Make sure the required protective equipment is worn for all practices and games.  
 - Protective equipment must fit properly and be inspected on a regular basis.

**Signs and Symptoms of Concussion** - The signs and symptoms of concussion may include but are not limited to: Headache, appears to be dazed or stunned, tinnitus (ringing in the ears), fatigue, slurred speech, nausea or vomiting, dizziness, loss of balance, blurry vision, sensitive to light or noise, feel foggy or groggy, memory loss, or confusion.

**Oversight** - Each district shall appoint and approve a Concussion Oversight Team (COT). The COT shall include at least one physician and an athletic trainer if one is employed by the school district. Other members may include: Advanced Practice Nurse, neuropsychologist or a physician's assistant. The COT is charged with developing the Return to Play protocol based on peer reviewed scientific evidence.

**Treatment of Concussion** - The student-athlete/cheerleader shall be removed from practice or participation immediately if suspected to have sustained a concussion. Every student-athlete/cheerleader suspected of sustaining a concussion shall be seen by a physician before they may return to athletic or cheerleading participation. The treatment for concussion is cognitive rest. Students should limit external stimulation such as watching television, playing video games, sending text messages, use of computer, and bright lights. When all signs and symptoms of concussion have cleared and the student has received written clearance from a physician, the student-athlete/cheerleader may begin their district's Return to Play protocol as determined by the Concussion Oversight Team.

**Return to Play** - According to the Texas Education Code, Section 38.157:

A student removed from an interscholastic athletics practice or competition (including per UIL rule, cheerleading) under Section 38.156 may not be permitted to practice or participate again following the force or impact believed to have caused the concussion until:

- (1) the student has been evaluated, using established medical protocols based on peer-reviewed scientific evidence, by a treating physician chosen by the student or the student's parent or guardian or another person with legal authority to make medical decisions for the student;
- (2) the student has successfully completed each requirement of the return-to-play protocol established under Section 38.153 necessary for the student to return to play;
- (3) the treating physician has provided a written statement indicating that, in the physician's professional judgment, it is safe for the student to return to play; and
- (4) the student and the student's parent or guardian or another person with legal authority to make medical decisions for the student:
  - (A) have acknowledged that the student has completed the requirements of the return-to-play protocol necessary for the student to return to play;
  - (B) have provided the treating physician's written statement under Subdivision (3) to the person responsible for compliance with the return-to-play protocol under Subsection (c) and the person who has supervisory responsibilities under Subsection (c); and
  - (C) have signed a consent form indicating that the person signing:
    - (i) has been informed concerning and consents to the student participating in returning to play in accordance with the return-to-play protocol;
    - (ii) understands the risks associated with the student returning to play and will comply with any ongoing requirements in the return-to-play protocol;
    - (iii) consents to the disclosure to appropriate persons, consistent with the Health Insurance Portability and Accountability Act of 1996 (Pub. L. No. 104-191), of the treating physician's written statement under Subdivision (3) and, if any, the return-to-play recommendations of the treating physician; and
    - (iv) understands the immunity provisions under Section 38.159.

### Parent and Student Agreement/Acknowledgement Form Anabolic Steroid Use and Random Steroid Testing

- Texas state law prohibits possessing, dispensing, delivering or administering a steroid in a manner not allowed by state law.
- Texas state law also provides that body building, muscle enhancement or the increase in muscle bulk or strength through the use of a steroid by a person who is in good health is not a valid medical purpose.
- Texas state law requires that only a licensed practitioner with prescriptive authority may prescribe a steroid for a person.
- Any violation of state law concerning steroids is a criminal offense punishable by confinement in jail or imprisonment in the Texas Department of Criminal Justice.

#### STUDENT ACKNOWLEDGEMENT AND AGREEMENT

As a prerequisite to participation in UIL athletic activities, I agree that I will not use anabolic steroids as defined in the UIL Anabolic Steroid Testing Program Protocol. I have read this form and understand that I may be asked to submit to testing for the presence of anabolic steroids in my body, and I do hereby agree to submit to such testing and analysis by a certified laboratory. I further understand and agree that the results of the steroid testing may be provided to certain individuals in my high school as specified in the UIL Anabolic Steroid Testing Program Protocol which is available on the UIL website at [www.uiltexas.org](http://www.uiltexas.org). I understand and agree that the results of steroid testing will be held confidential to the extent required by law. I understand that failure to provide accurate and truthful information could subject me to penalties as determined by UIL.

Student Name (Print): \_\_\_\_\_ Grade (9-12) \_\_\_\_\_

Student Signature: \_\_\_\_\_ Date: \_\_\_\_\_

#### PARENT/GUARDIAN CERTIFICATION AND ACKNOWLEDGEMENT

As a prerequisite to participation by my student in UIL athletic activities, I certify and acknowledge that I have read this form and understand that my student must refrain from anabolic steroid use and may be asked to submit to testing for the presence of anabolic steroids in his/her body. I do hereby agree to submit my child to such testing and analysis by a certified laboratory. I further understand and agree that the results of the steroid testing may be provided to certain individuals in my student's high school as specified in the UIL Anabolic Steroid Testing Program Protocol which is available on the UIL website at [www.uiltexas.org](http://www.uiltexas.org). I understand and agree that the results of steroid testing will be held confidential to the extent required by law. I understand that failure to provide accurate and truthful information could subject my student to penalties as determined by UIL.

# SUDDEN CARDIAC ARREST (SCA) AWARENESS FORM

## The Basic Facts on Sudden Cardiac Arrest

**Website Resources:**  
American Heart Association:  
[www.heart.org](http://www.heart.org)

**Lead Author:** Arnold Fenrich, MD  
and Benjamin Levine, MD

**Additional Reviewers:** UIL Medical  
Advisory Committee

Revised 2016

### What is Sudden Cardiac Arrest?

- Occurs suddenly and often without warning.
- An electrical malfunction (short-circuit) causes the bottom chambers of the heart (ventricles) to beat dangerously fast (ventricular tachycardia or fibrillation) and disrupts the pumping ability of the heart.
- The heart cannot pump blood to the brain, lungs and other organs of the body.
- The person loses consciousness (passes out) and has no pulse.
- Death occurs within minutes if not treated immediately.

### What causes Sudden Cardiac Arrest?

- **Inherited** (passed on from family) conditions present at birth of the heart muscle:
- **Hypertrophic Cardiomyopathy** – hypertrophy (thickening) of the left ventricle; the most common cause of sudden cardiac arrest in athletes in the U.S.

**Arrhythmogenic Right Ventricular Cardiomyopathy** – replacement of part of the right ventricle by fat and scar; the most common cause of sudden cardiac arrest in Italy.

**Marfan Syndrome** – a disorder of the structure of blood vessels that makes them prone to rupture; often associated with very long arms and unusually flexible joints.

**Inherited conditions present at birth of the electrical system:**

**Long QT Syndrome** – abnormality in the ion channels (electrical system) of the heart.

### Catecholaminergic Polymorphic Ventricular Tachycardia and Brugada Syndrome – other types of electrical abnormalities that are rare but run in families.

**Noninherited** (not passed on from the family, but still present at birth) conditions:

**Coronary Artery Abnormalities** – abnormality of the blood vessels that supply blood to the heart muscle. This is the second most common cause of sudden cardiac arrest in athletes in the U.S.

**Aortic valve abnormalities** – failure of the aortic valve (the valve between the heart and the aorta) to develop properly; usually causes a loud heart murmur.

**Non-compaction Cardiomyopathy** – a condition where the heart muscle does not develop normally.

**Wolf-Parkinson-White Syndrome** – an extra conducting fiber is present in the heart's electrical system and can increase the risk of arrhythmias.

**Conditions not present at birth but acquired later in life:**

**Commotio Cordis** – concussion of the heart that can occur from being hit in the chest by a ball, puck, or fist.

**Myocarditis** – infection or inflammation of the heart, usually caused by a virus.

**Recreational/Performance-Enhancing drug use.**

**Idiopathic:** Sometimes the underlying cause of the Sudden Cardiac Arrest is unknown, even after autopsy.

### What are the symptoms/warning signs of Sudden Cardiac Arrest?

- Fainting/Blackouts (especially during exercise)
- Dizziness
- Unusual fatigue/weakness
- Chest pain
- Shortness of breath
- Nausea/vomiting
- Palpitations (heart is beating unusually fast or skipping beats)
- Family history of sudden cardiac arrest at age < 50

**ANY of these symptoms and warning signs that occur while exercising may necessitate further evaluation from your physician before returning to practice or a game.**

### What is the treatment for Sudden Cardiac Arrest?

- Time is critical and an immediate response is vital.
- CALL 911
- Begin CPR
- Use an Automated External Defibrillator (AED)

### What are ways to screen for Sudden Cardiac Arrest?

The American Heart Association recommends a pre-participation history and physical including 14 important cardiac elements.

The UIL Pre-Participation Physical Evaluation – Medical History form includes ALL 14 of these important cardiac elements and is mandatory annually.

**What are the current recommendations for screening young athletes?**

The University Interscholastic League requires use of the specific Preparticipation Medical History form on a yearly basis. This process begins with the parents and student-athletes answering questions about symptoms during exercise (such as chest pain, dizziness, fainting, palpitations or shortness of breath); and questions about family health history.

It is important to know if any family member died suddenly during physical activity or during a seizure. It is also important to know if anyone in the family under the age of 50 had an unexplained sudden death such as drowning or car accidents. This information must be provided annually because it is essential to identify those at risk for sudden cardiac death.

The University Interscholastic League requires the Preparticipation Physical Examination form prior to junior high athletic participation and again prior to the 2<sup>nd</sup> and 3<sup>rd</sup> years of high school participation. The required physical exam includes measurement of blood pressure and a careful listening examination of the heart, especially for murmurs and rhythm abnormalities. If there are no warning signs reported on the health history and no abnormalities discovered on exam, no additional evaluation or testing is recommended for cardiac issues/concerns.

**Are there additional options available to screen for cardiac conditions?**

Additional screening using an electrocardiogram (ECG) and/or an echocardiogram (Echo) is readily available to all athletes from their personal physicians, but is not mandatory, and is generally not recommended by either the American Heart Association (AHA) or the American College of Cardiology (ACC). Limitations of additional screening include the possibility (~10%) of "false positives", which leads to unnecessary stress for the student and parent or guardian as well as unnecessary restriction from athletic participation. There is also a possibility of "false negatives", since not all cardiac conditions will be identified by additional screening.

**When should a student athlete see a heart specialist?**

If a qualified examiner has concerns, a referral to a child heart specialist, a pediatric cardiologist, is recommended. This specialist may perform a more thorough evaluation, including an electrocardiogram (ECG), which is a graph of the electrical activity of the heart. An echocardiogram, which is an ultrasound test to allow for direct visualization of the heart structure, may also be done. The specialist may also order a treadmill exercise test and/or a monitor to enable a longer recording of the heart rhythm. None of the testing is invasive or uncomfortable.

**Can Sudden Cardiac Arrest be prevented just through proper screening?**

A proper evaluation (Preparticipation Physical Evaluation - Medical History) should find most, but not all, conditions that could cause sudden death in the athlete. This is because some diseases are difficult to uncover and may only develop later in life. Others can develop following a normal screening evaluation, such as an infection of the heart muscle from a virus. This is why a medical history and a review of the family health history need to be performed on a yearly basis. With proper screening and evaluation, most cases can be identified and prevented.

**Why have an AED on site during sporting events**

The only effective treatment for ventricular fibrillation is immediate use of an automated external defibrillator (AED). An AED can restore the heart back into a normal rhythm. An AED is also life-saving for ventricular fibrillation caused by a blow to the chest over the heart (commotio cordis). Texas Senate Bill 7 requires that at any school sponsored athletic event or team practice in Texas public high schools the following must be available:

- An AED is in an unlocked location on school property within a reasonable proximity to the athletic field or gymnasium
- All coaches, athletic trainers, PE teacher, nurses, band directors and cheerleader sponsors are certified in cardiopulmonary resuscitation (CPR) and the use of the AED.

➤ Each school has a developed safety procedure to respond to a medical emergency involving a cardiac arrest.

The American Academy of Pediatrics recommends the AED should be placed in a central location that is accessible and ideally no more than a 1 to 1 1/2 minute walk from any location and that a call is made to activate 911 emergency system while the AED is being retrieved.

**Student & Parent/Guardian Signatures**

I authorize that I have read and understand the above information.

PREPARTICIPATION PHYSICAL EVALUATION -- MEDICAL HISTORY

This MEDICAL HISTORY FORM must be completed *annually* by parent (or guardian) and student in order for the student to participate in activities. These questions are designed to determine if the student has developed any condition which would make it hazardous to participate in an event.

Student's Name: (print) \_\_\_\_\_ Sex \_\_\_\_\_ Age \_\_\_\_\_ Date of Birth \_\_\_\_\_  
 Address \_\_\_\_\_ Phone \_\_\_\_\_  
 Grade \_\_\_\_\_ School \_\_\_\_\_  
 Personal Physician \_\_\_\_\_ Phone \_\_\_\_\_  
 In case of emergency, contact:  
 Name \_\_\_\_\_ Relationship \_\_\_\_\_ Phone (H) \_\_\_\_\_ (W) \_\_\_\_\_

Explain "Yes" answers in the box below\*\*. Circle questions you don't know the answers to.

<p>1. Have you had a medical illness or injury since your last check up or physical? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>2. Have you been hospitalized overnight in the past year? <input type="checkbox"/> Yes <input type="checkbox"/> No                  Have you ever had surgery? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>3. Have you ever had prior testing for the heart ordered by a physician? <input type="checkbox"/> Yes <input type="checkbox"/> No                  Have you ever passed out during or after exercise? <input type="checkbox"/> Yes <input type="checkbox"/> No                  Have you ever had chest pain during or after exercise? <input type="checkbox"/> Yes <input type="checkbox"/> No                  Do you get tired more quickly than your friends do during exercise? <input type="checkbox"/> Yes <input type="checkbox"/> No                  Have you ever had racing of your heart or skipped heartbeats? <input type="checkbox"/> Yes <input type="checkbox"/> No                  Have you had high blood pressure or high cholesterol? <input type="checkbox"/> Yes <input type="checkbox"/> No                  Have you ever been told you have a heart murmur? <input type="checkbox"/> Yes <input type="checkbox"/> No                  Has any family member or relative died of heart problems or of sudden unexpected death before age 50? <input type="checkbox"/> Yes <input type="checkbox"/> No                  Has any family member been diagnosed with enlarged heart, (dilated cardiomyopathy), hypertrophic cardiomyopathy, long QT syndrome or other ion channelopathy (Brugada syndrome, etc), Marfan's syndrome, or abnormal heart rhythm? <input type="checkbox"/> Yes <input type="checkbox"/> No                  Have you had a severe viral infection (for example, myocarditis or mononucleosis) within the last month? <input type="checkbox"/> Yes <input type="checkbox"/> No                  Has a physician ever denied or restricted your participation in activities for any heart problems? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>4. Have you ever had a head injury or concussion? <input type="checkbox"/> Yes <input type="checkbox"/> No                  Have you ever been knocked out, become unconscious, or lost your memory? <input type="checkbox"/> Yes <input type="checkbox"/> No                  If yes, how many times? _____                  When was your last concussion? _____                  How severe was each one? (Explain below) _____                  Have you ever had a seizure? <input type="checkbox"/> Yes <input type="checkbox"/> No                  Do you have frequent or severe headaches? <input type="checkbox"/> Yes <input type="checkbox"/> No                  Have you ever had numbness or tingling in your arms, hands, legs or feet? <input type="checkbox"/> Yes <input type="checkbox"/> No                  Have you ever had a stinger, burner, or pinched nerve? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>5. Are you missing any paired organs? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>6. Are you under a doctor's care? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>7. Are you currently taking any prescription or non-prescription (over-the-counter) medication or pills or using an inhaler? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>8. Do you have any allergies (for example, to pollen, medicine, food, or stinging insects)? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>9. Have you ever been dizzy during or after exercise? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>10. Do you have any current skin problems (for example, itching, rashes, acne, warts, fungus, or blisters)? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>11. Have you ever become ill from exercising in the heat? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>12. Have you had any problems with your eyes or vision? <input type="checkbox"/> Yes <input type="checkbox"/> No</p>	<p>13. Have you ever gotten unexpectedly short of breath with exercise? <input type="checkbox"/> Yes <input type="checkbox"/> No                  Do you have asthma? <input type="checkbox"/> Yes <input type="checkbox"/> No                  Do you have seasonal allergies that require medical treatment? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>14. Do you use any special protective or corrective equipment or devices that aren't usually used for your activity or position (for example, knee brace, special neck roll, foot orthotics, retainer on your teeth, hearing aid)? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>15. Have you ever had a sprain, strain, or swelling after injury? <input type="checkbox"/> Yes <input type="checkbox"/> No                  Have you broken or fractured any bones or dislocated any joints? <input type="checkbox"/> Yes <input type="checkbox"/> No                  Have you had any other problems with pain or swelling in muscles, tendons, bones, or joints? <input type="checkbox"/> Yes <input type="checkbox"/> No                  If yes, check appropriate box and explain below:</p> <table border="0"> <tr> <td><input type="checkbox"/> Head</td> <td><input type="checkbox"/> Elbow</td> <td><input type="checkbox"/> Hip</td> </tr> <tr> <td><input type="checkbox"/> Neck</td> <td><input type="checkbox"/> Forearm</td> <td><input type="checkbox"/> Thigh</td> </tr> <tr> <td><input type="checkbox"/> Back</td> <td><input type="checkbox"/> Wrist</td> <td><input type="checkbox"/> Kneec</td> </tr> <tr> <td><input type="checkbox"/> Chest</td> <td><input type="checkbox"/> Hand</td> <td><input type="checkbox"/> Shin/Calf</td> </tr> <tr> <td><input type="checkbox"/> Shoulder</td> <td><input type="checkbox"/> Finger</td> <td><input type="checkbox"/> Ankle</td> </tr> <tr> <td><input type="checkbox"/> Upper Arm</td> <td><input type="checkbox"/> Foot</td> <td></td> </tr> </table> <p>16. Do you want to weigh more or less than you do now? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>17. Do you feel stressed out? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>18. Have you ever been diagnosed with or treated for sickle cell trait or sickle cell disease? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p><i>Females Only</i></p> <p>19. When was your first menstrual period? _____                  When was your most recent menstrual period? _____                  How much time do you usually have from the start of one period to the start of another? _____                  How many periods have you had in the last year? _____                  What was the longest time between periods in the last year? _____</p> <p><i>Males Only</i></p> <p>20. Do you have two testicles? _____</p> <p>21. Do you have any testicular swelling or masses? _____</p>	<input type="checkbox"/> Head	<input type="checkbox"/> Elbow	<input type="checkbox"/> Hip	<input type="checkbox"/> Neck	<input type="checkbox"/> Forearm	<input type="checkbox"/> Thigh	<input type="checkbox"/> Back	<input type="checkbox"/> Wrist	<input type="checkbox"/> Kneec	<input type="checkbox"/> Chest	<input type="checkbox"/> Hand	<input type="checkbox"/> Shin/Calf	<input type="checkbox"/> Shoulder	<input type="checkbox"/> Finger	<input type="checkbox"/> Ankle	<input type="checkbox"/> Upper Arm	<input type="checkbox"/> Foot

An electrocardiogram (ECG) is not required. I have read and understand the information about cardiac screening on the UIL Sudden Cardiac Arrest Awareness Form. By checking this box, I choose to obtain an ECG for my student for additional cardiac screening. I understand it is the responsibility of my family to schedule and pay for such ECG.

EXPLAIN 'YES' ANSWERS IN THE BOX BELOW (attach another sheet if necessary):

It is understood that even though protective equipment is worn by athletes, whenever needed, the possibility of an accident still remains. Neither the University Interscholastic League nor the school assumes any responsibility in case an accident occurs.  
 If, in the judgment of any representative of the school, the above student should need immediate care and treatment as a result of any injury or sickness, I do hereby request, authorize, and consent to such care and treatment as may be given said student by any physician, athletic trainer, nurse or school representative. I do hereby agree to indemnify and save harmless the school and any school or hospital representative from any claim by any person on account of such care and treatment of said student.

If, between this date and the beginning of participation, any illness or injury should occur that may limit this student's participation, I agree to notify the school authorities of such illness or injury.

I hereby state that, to the best of my knowledge, my answers to the above questions are complete and correct. Failure to provide truthful responses could subject the student in question to penalties determined by the UIL

Student Signature: \_\_\_\_\_ Parent/Guardian Signature: \_\_\_\_\_ Date: \_\_\_\_\_

Any Yes answer to questions 1, 2, 3, 4, 5, or 6 requires further medical evaluation which may include a physical examination. Written clearance from a physician, physician assistant, chiropractor, or nurse practitioner is required before any participation in UIL practices, games or matches. THIS FORM MUST BE ON FILE PRIOR TO PARTICIPATION IN ANY PRACTICE, SCRIMMAGE, PERFORMANCE OR CONTEST BEFORE, DURING OR AFTER SCHOOL.

For School Use Only:
